#### 4. **DISCUSSION OF EMPLOYEE EVALUATION PROCESS**

- a. County Administrator – Ms. Newton noted, due to the time, there will not be enough time to discuss this item at length. She stated they would need to determine what process to use. Last year, for the County Administrator, we used an outside firm since Human Resources staff report to the County Administrator, and it would be a conflict of interest. The Chair and Vice-Chair meet with the Administrator and requested he do a self-assessment. We would need to come back together and determine if we want to use another outside consultant, how we want it to be structured, and what criteria we want to base it on. The feedback from the last evaluation was to include 360-degree feedback.

Mr. Malinowski inquired about the 360-degree feedback.

Ms. Newton responded the last time we did an evaluation there was a self-assessment process. Then there were Councilmembers who gave feedback. A 360-degree component would also include members of staff and other team members that are providing input on that process.

Ms. McBride inquired if Council recommended the 360-degree process.

Ms. Newton responded Mr. Jackson recommended it and it was something she agreed with.

Ms. McBride stated, for clarification, the 360-process was not decided upon by Council.

Ms. Newton responded in the affirmative.

- b. Clerk to Council – Ms. Newton stated we agreed to do a 90-day evaluation for the Clerk to Council, and we need to establish the criteria for that assessment as well.

Ms. McBride inquired if the Clerk to Council assessment was more a review than an evaluation.

Ms. Newton responded in the affirmative, but an annual evaluation would still be required.
