Director’s Comments & Updates

- **Recent Elections**

- A. June 14, 2016- The voters seemed to experience some confusion during the Primary Election and judging from the Call Center notes, voter comments, etc. it seems to be centered around the multiple Elections, which included the same candidates in County Council District 10.
- B. During this Election we had several instances in which voters cast their ballots, without first reviewing to ensure that the candidates were from their district.
- C. Encountered instances where, Candidates and/or candidates’ representatives were not respectful and questioning the authority of the Poll Clerks and Managers.
- D. Issues that escalated were mostly contributed to the overzealousness of candidates. In a concerted effort to decrease these actions in the future, our office has created a Standards and Procedures guideline for candidates. This guideline will be distributed during candidate filling.
