

Three Years of Soil Health on the Southeastern Coastal Plain:

The Conservation Innovation Grant That Changed Our Lives

Lunch
Provided

Friday, February 3, 2017
9am—2pm
at the
Dillon Wellness Center
1647 Commerce Drive
Dillon, SC 29536

1.5 Pesticide CCHs
2.0 Certified Crop
Adviser CEUs

Find out what happened when a researcher teamed up with five farmers in three counties on a three-year soil health Conservation Innovation Grant and how their understanding of soils has been revolutionized. Also learn how and why to improve soil health on your own acreage from State Agronomist Gordon Mikell.

This workshop is sponsored by the Dillon, Marlboro, and Richland SWCDs; the University of South Carolina; the USDA-NRCS through a Conservation Innovation Grant; Little Mill Seed, LLC; and Smithfield Foods.

Event is FREE but registration is required. RSVP to Christa Lane at Christa.Lane@sc.nacdnet.net or (843) 774-5122 x 4139 by January 31!
