NOTES:

MEETING FORMAT

The Planning Commission uses the consent agenda to approve non-controversial or routine matters by a single motion and vote. If a member of the Planning Commission, the Planning Staff or the general public wants to discuss an item on the consent agenda (at the beginning of the meeting), that item is removed from the consent agenda and considered during the meeting. The Planning Commission then approves the remaining consent agenda items.

Persons wishing to speak on an agenda item are requested to sign the item's sign-in sheet located at the back of County Council Chambers. Meeting attendees are usually given two (2) minutes to speak; the time limit is at the discretion of the Chair of the meeting and may be limited when appropriate.

Speakers' comments should be addressed to the full body. Requests to engage a Commission Member, County staff or applicants in conversation will not be honored. Abusive language is inappropriate.

After persons have spoken, the hearing is closed and brought back to Commission level for discussion and action. There is no further comment permitted from the audience unless requested by the Commission.

ZONING PUBLIC HEARING

The Planning Commission is a recommending body to Richland County Council. Recommendations for "Approval" or "Disapproval" are forwarded to County Council for their consideration at the next Zoning Public Hearing. The Zoning Public Hearing is another opportunity to voice your opinion for or against a rezoning or amendment to the Land Development Code and is open to the public. The County Council Zoning Public Hearing is usually scheduled for the 4th Tuesday of the month at 7:00 p.m. Check the County's website for dates and times.

TO: Planning Commission Members; Interested Parties
 FROM: Alfreda W. Tindal, E9-1-1 Addressing Coordinator
 DATE: March 15, 2016
 SUBJECT: December Street Name(s) Approval Request

Pursuant Section 6-29-1200 (A), SC Code of Laws requires the Planning Commission to approve street names. Specifically, states "...A local planning commission created under the provisions of this chapter shall, by proper certificate, approve and authorize the name of a street or road laid out within the territory over which the commission has jurisdiction..."

The proposed street name(s) listed below has/ have been reviewed and meet(s) the Enhanced 9-1-1 Emergency Road Naming Requirements.

Action Requested: The Planning Commission Board approval.

PROPOSED ZONING: GC

PC SIGN POSTING: March 18, 2015

Staff Recommendation

Disapproval

Background

Zoning History

The original zoning as adopted September 7, 1977 was Rural District (RU).

Zoning History for the General Area

The General Commercial District (GC) parcels, west of the subject parcel, were rezoned from M-1 under case number 05-121MA.

The Office and Institutional District (OI) parcel southeast of the subject parcel were rezoned from RU under case number 08-025MA.

The Rural District (RU) parcel, adjacent east of the subject parcel requested a map amendment from RU to Office and Institutional District (OI) under case number 15-41MA. The proposed map amendment was denied by County Council.

The Rural District (RU) parcel, located further east of the subject parcel requested a map amendment from RU to Neighborhood Commercial District (NC) under case number 15-40MA. The proposed map amendment was denied by County Council.

The General Commercial District (GC) parcels southwest of the subject parcel were rezoned from RU under case number 15-042MA.

Zoning District Summary

The General Commercial (GC) District is intended to accommodate a variety of commercial and non-residential uses characterized primarily by retail, office, and service establishments oriented primarily to major traffic arteries or extensive areas of predominantly commercial usage.

Minimum lot area/maximum density. Minimum lot area: no minimum lot area requirement except as required by DHEC. Maximum density standard: no more than sixteen (16) units per acre.

No minimum lot area, except as required by DHEC. The maximum allowed density for residential uses is sixteen (16) dwelling units per acre.

Based upon a gross density calculation, the maximum number of units for this site is approximately: 29 dwelling units.

*In calculating the maximum number of dwelling units, site characteristics, restrictions, land used for installation of infrastructure (which often amounts to 20-30% of the site), or application of open space provisions are not taken into consideration.

Direction	Existing Zoning	Use
<u>North:</u>	RU	Residence
<u>South:</u>	RU	Residence
<u>East:</u>	RU	Undeveloped
<u>West:</u>	GC	Warehouse Club/Superstore (Costco)

Discussion

Parcel/Area Characteristics

The parcel has frontage along Piney Woods Road. There are no sidewalks or streetlights along this section of Piney Woods Road. The site contains a single-family residence.

The immediate area is characterized by an institutional use to the south with residential uses north and east of the subject parcel. West and southwest of the parcel are multiple GC parcels. West of the site is a Warehouse Club/Superstore currently under construction. The parcel is east of the Interstate 26 interchange.

Public Services

The subject parcel is within the boundaries of School District One. The Piney Grove Elementary School is located 1.3 miles southeast of the subject parcel on Huffstetler Drive. The Harbison fire station (number 16) is located 1.2 miles northwest of the subject parcel on Lake Murray Boulevard. There is a fire hydrant located west of the site on Piney Woods Road. Water and sewer service is provided by the City of Columbia.

Plans & Policies

The Richland County Comprehensive Plan, ***“PUTTING THE PIECES IN PLACE”***, designates this area as ***Mixed Residential***. The Columbia Plan 2018 (City of Columbia Comprehensive Plan) further defines this area as **[Urban Edge] Mixed Residential (uemr)**.

Land Use and Design

Areas include much of the urban and suburban developed areas in the County as well as edge areas adjacent to other jurisdictions in the County. These are densely developed urban and suburban areas, or opportunities for dense suburban development. Mixed residential areas include the full range of uses supportive of neighborhood, community, and regional commercial and employment needs. Residential single-family, multi-family, office and institutional, general and neighborhood commercial, and recreational uses are appropriate for this area. Some light industrial uses are also found today in these areas, but additional industrial development with significant community impacts (i.e., noise, exhaust, odor, heavy truck traffic) is discouraged, unless the area is identified specifically for these uses. Schools, churches, parks, and other institutional uses help support the full service nature of Mixed Residential areas.

Desired Development Pattern

Developments should reinforce the guiding principle of making neighborhoods and communities in Richland County more livable. Mixed Residential areas should provide a mix of housing opportunities within individual developments, preferably organized around a neighborhood center or public space. To the extent possible, commercial and office development should be located in Activity Centers and in Mixed Use Corridors. High density residential uses should be located proximate to or incorporated within Activity Centers, increasing existing and future opportunities for transit service to these locations. Grid and modified grid development patterns are preferred over curvilinear and cul-de-sac designs to support connectivity.

[Urban Edge] Mixed Residential (uemr)

Urban Edge Mixed Residential neighborhoods are appropriate near the perimeter of the city or in the outer ring of neighborhoods. This development type primarily represents existing post-1940's subdivisions and the auto-oriented corridors associated with them. The pattern is also suitable for small to medium infill development within these areas. It is primarily characterized by individual subdivisions or neighborhoods with a specific street and block patterns adjacent to other subdivisions or neighborhoods with a different subdivision street and block pattern. Urban Edge Mixed Residential neighborhoods can accommodate a variety of housing types from detached single-family to multi-family complexes.

Traffic Characteristics

The 2014 SCDOT traffic count (Station # 465) located east to the subject parcel on Piney Grove Road identifies 4,700 Average Daily Trips (ADT's). This segment of Piney Grove Road is classified as a two lane undivided minor arterial, maintained by SCDOT with a design capacity of 10,800 ADT's. Piney Grove Road is currently operating at Level of Service (LOS) "A".

The 2014 SCDOT traffic count (Station # 643) located south of the subject parcel on Piney Woods Road identifies 1,650 Average Daily Trips (ADT's). This segment of Piney Woods Road is classified as a two lane undivided collector, maintained by SCDOT with a design capacity of 8,600 ADT's. Piney Woods Road is currently operating at Level of Service (LOS) "A".

There are no planned or programmed improvements for this section of Piney Grove Road, either through SCDOT or the County Penny Sales Tax program.

Conclusion

The surrounding properties along Piney Woods Road are mostly zoned Rural, with a mix of residential uses and an institutional use. The proposed amendment does not meet the intent of the zoning district as it would be located adjacent to residential uses and zoning districts where large commercial uses are inappropriate.

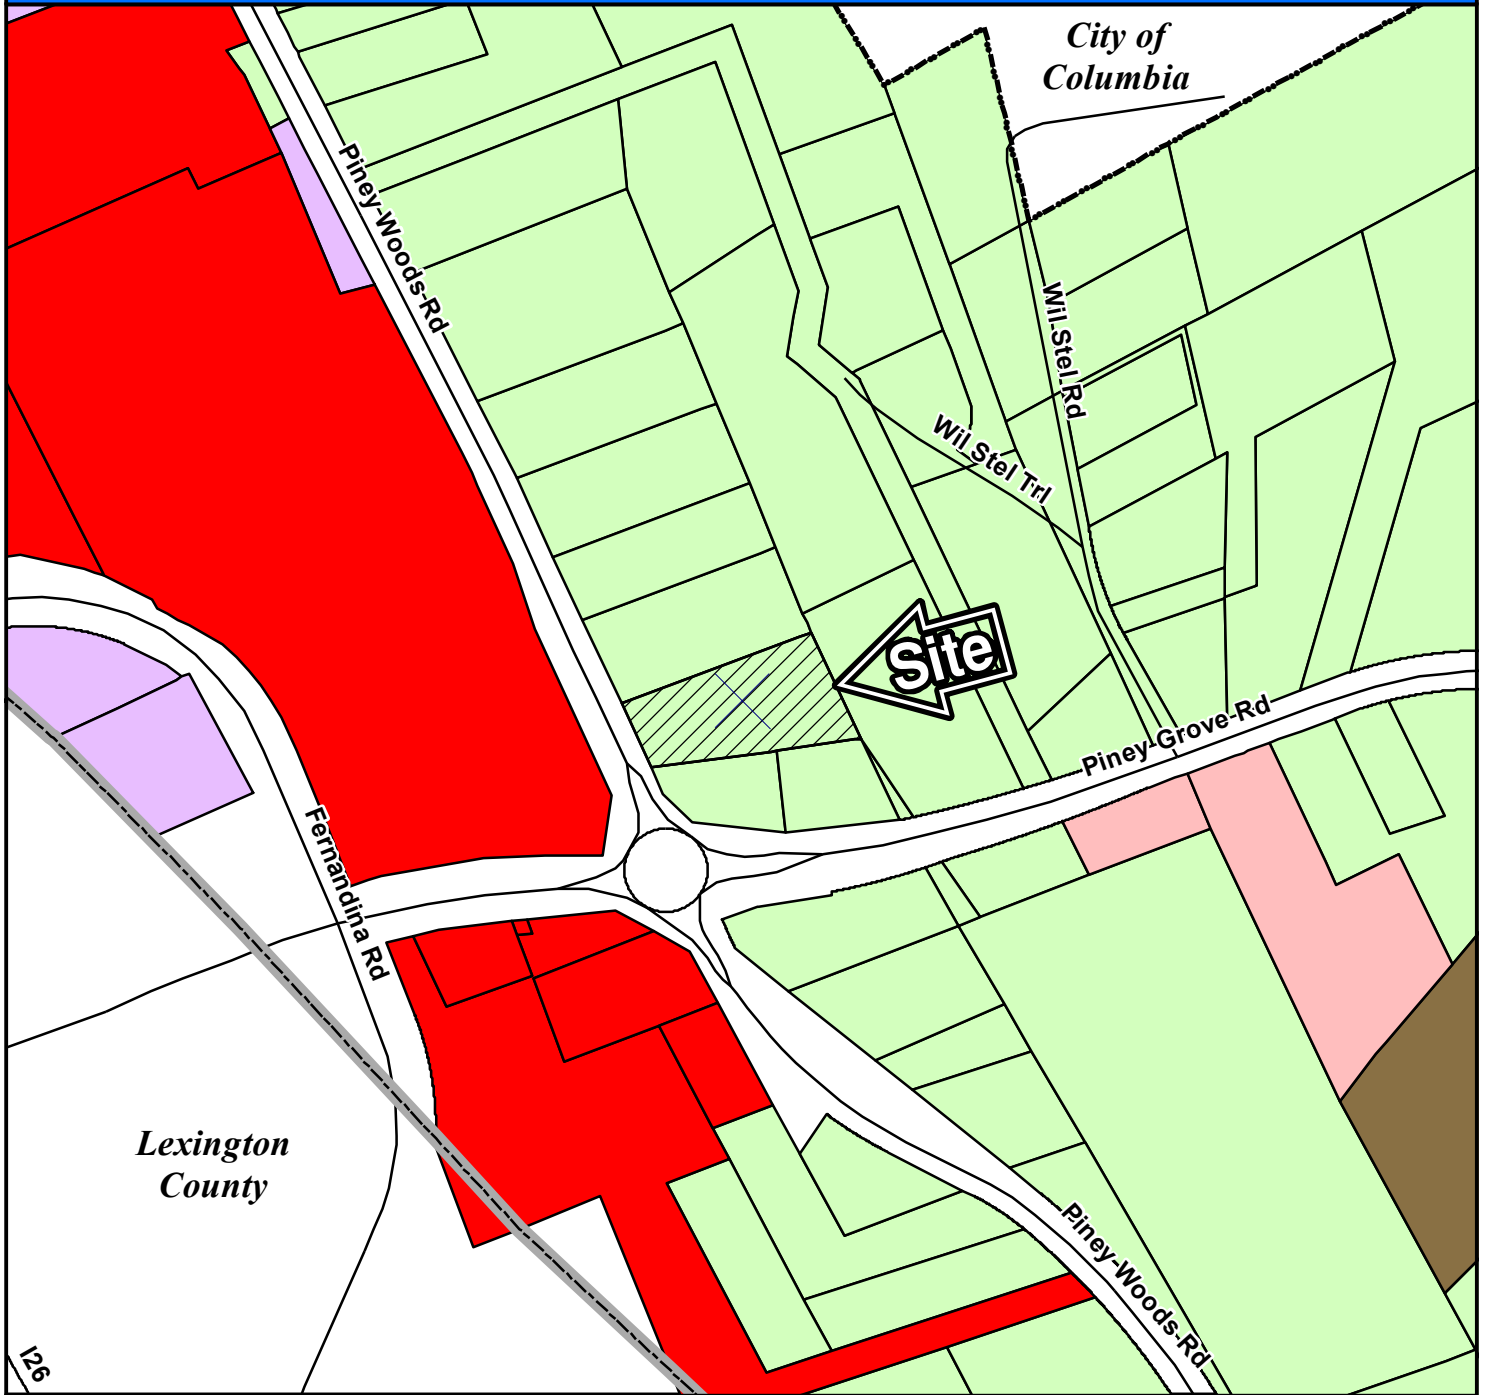

Further, staff is of the opinion that the request is not in compliance with the desired development pattern described in the Comprehensive Plan, as the site is not located within an activity center or in a mixed use corridor, but rather where residential uses are encouraged. While the Mixed Residential future land use and design promotes general commercial uses, the subject site is incompatible with the more important desired development pattern.

For these reasons, staff recommends **Disapproval** of this map amendment.

Map Amendment Staff Report

PC MEETING DATE: April 4, 2016
RC PROJECT: 16-09 MA
APPLICANT: Joe Tran

LOCATION: Broad River Road

TAX MAP NUMBER: R06200-01-28
ACREAGE: 2 acres
EXISTING ZONING: GC
PROPOSED ZONING: LI

PC SIGN POSTING: March 18, 2016

Staff Recommendation

Disapproval

Background

Zoning History

The original zoning as adopted September 7, 1977 was General Commercial (C-3) District which became the General Commercial (GC) District with the Land Development Code change in 2005.

Zoning History for the General Area

The Planned Unit Development (PUD-C) parcel west of the subject parcel was approved under case number 90-003MA.

The Office and Institutional (OI) District parcel west of the subject parcel along Piney Grove Road was approved under case number 90-042MA.

The Office and Institutional (OI) District parcel adjacent west of the subject parcel was approved under case number 94-013MA.

The Office and Institutional (OI) District parcel adjacent south of the subject parcel with frontage along Piney Grove Road was approved under case number 94-055MA.

Zoning District Summary

The Light Industrial (LI) District is intended to accommodate wholesaling, distribution, storage, processing, light manufacturing, and general commercial uses. Such uses are usually controlled operations, relatively clean, quiet, and free of objectionable or hazardous elements, such as smoke, noise, odor or dust. In addition, such uses usually operate and/or have storage within open or enclosed structures; and generating no nuisances.

Direction	Existing Zoning	Use
<u>North:</u>	C-1	Department of Juvenile Justice (City of Columbia)
<u>South:</u>	GC/C-3	Undeveloped/Undeveloped (City of Columbia)
<u>East:</u>	GC	Undeveloped
<u>West:</u>	GC	Undeveloped

Discussion

Parcel/Area Characteristics

The parcel has frontage along Broad River Road. The subject property is undeveloped and mostly wooded. There are no sidewalks or streetlights along this section of Broad River Road. The surrounding area is characterized by institutional, commercial, and residential uses along with undeveloped parcels. The parcels south and east of the subject properties are undeveloped.

Public Services

The subject parcel is within the boundaries of School District One. Pine Grove Elementary School is located 2.2 miles south of the subject parcel on Huffstetler Drive. The Harbison fire station (number 16) is located 1.8 miles northwest of the subject parcel on Lake Murray Boulevard. There is a fire hydrant located west of the site on Piney Woods Road. Water and sewer service is provided by the City of Columbia.

Plans & Policies

The 2014 Richland County Comprehensive Plan, **“PUTTING THE PIECES IN PLACE”**, designates this area as **Mixed Use Corridor**. The Columbia Plan 2018 (City of Columbia Comprehensive Plan) further defines this area as **[Urban Edge] Mixed Residential (uemr)**.

Comprehensive Plan

Land Use and Character

Areas include established commercial, office, and medium-density residential developments located along principal arterial roads, and exclude established single-family residential subdivisions that may be located in the corridor. Mixed-use corridor areas should provide a vertical and horizontal mix of suburban scale retail, commercial, office, high-density residential, and institutional land uses. Open spaces and parks are also important uses within Mixed-Use Corridors. These corridors are punctuated by higher intensity development located at “nodes” called Activity Centers where the highest density and integration of mixed uses occurs.

Desired Development Pattern

Suburban commercial corridors should be transformed over time from traditional strip commercial development to Mixed-Use Corridors connecting Activity Centers. Between Activity Centers, corridors should be redeveloped to convert single story, single use developments on individual lots to multi-story, mixed use formats that organize uses in a pedestrian-friendly format.

[Urban Edge] Mixed Residential (uemr)

Urban Edge Mixed Residential neighborhoods are appropriate near the perimeter of the city or in the outer ring of neighborhoods. This development type primarily represents existing post-1940’s subdivisions and the auto-oriented corridors associated with them. The pattern is also

suitable for small to medium infill development within these areas. It is primarily characterized by individual subdivisions or neighborhoods with a specific street and block patterns adjacent to other subdivisions or neighborhoods with a different subdivision street and block pattern. Urban Edge Mixed Residential neighborhoods can accommodate a variety of housing types from detached single-family to multi-family complexes.

Broad River Corridor & Community Master Plan

Transition Mixed Use district

The Transition Mixed-Use District is characterized by medium-density, neighborhood-scaled mix of uses located in 2 to 3 story buildings. The district generally encompasses areas within a 1/2-mile walking radius of the “redevelopment nodes”. The properties in this district are located predominantly in the vicinity of the minor arterials providing the primary access to the district. Densities less than the Corridor Mixed-Use District but more than the predominantly residential districts described below are supported in this district. Development in this district should ensure adequate transition to the low-density existing residential area. This is accomplished primarily through placement of densities and intensities along the edges that require buildings to transition in height down to the surrounding residential areas. The Corridor Mixed Use Redevelopment District coincides with the Urban Zone (C4) identified in the Institute of Transportation Engineer’s Recommended Practice, *Designing Walkable Urban Thoroughfares: A Context Sensitive Approach (ITE Practice)*.

This district is envisioned to be redeveloped with mid-rise buildings between 2-4 stories in height; with an emphasis on creating a diverse stock of housing units such as town homes, garden apartments, and duplexes fitting with the appropriate architectural character, scale and density of the surrounding neighborhoods. This district is not intended for detached single-family residential development in the future. Neighborhood commercial uses may include coffee shops, bakeries, grocery stores, convenience stores, small urgent care or medical clinics, day-care centers, and pocket parks.

A key component required for successful redevelopment of a transit-oriented corridor is to attract the amount of residents within the core area by providing the base market for future transit stations; therefore, activities that support significant development intensities within a quarter-mile walking-radius are encouraged throughout this district. It is also important that there be diversity in the residential along the corridor such that it includes both market rate and affordable housing.

Traffic Characteristics

The 2014 SCDOT traffic count (Station # 179) located east of the subject parcel on Broad River Road identifies 20,300 Average Daily Trips (ADT’s). Broad River Road is classified as a five lane undivided principal arterial, maintained by SCDOT with a design capacity of 33,600 ADT’s. This section of Broad River Road is currently operating at Level of Service (LOS) “B”.

The 2014 SCDOT traffic count (Station # 194) located west of the subject parcel on Broad River Road identifies 14,800 Average Daily Trips (ADT’s). Broad River Road is classified as a five lane undivided principal arterial, maintained by SCDOT with a design capacity of 33,600 ADT’s. This section of Broad River Road is currently operating at Level of Service (LOS) “A”.

There are no planned or programmed improvements for this section of Broad River Road through SCDOT. However, the County Penny Sales Tax program has identified this area for a Broad River Road Sidewalk from Lake Murray Boulevard to Western Lane to be completed as part of the US 176 widening project.

Conclusion

Staff is of the opinion that the request is not in compliance with the intentions of the Comprehensive Plan.

The Richland County Comprehensive Plan recommends supporting residential, commercial and institutional districts. The plan does not recommend industrial development along the mixed use corridor.

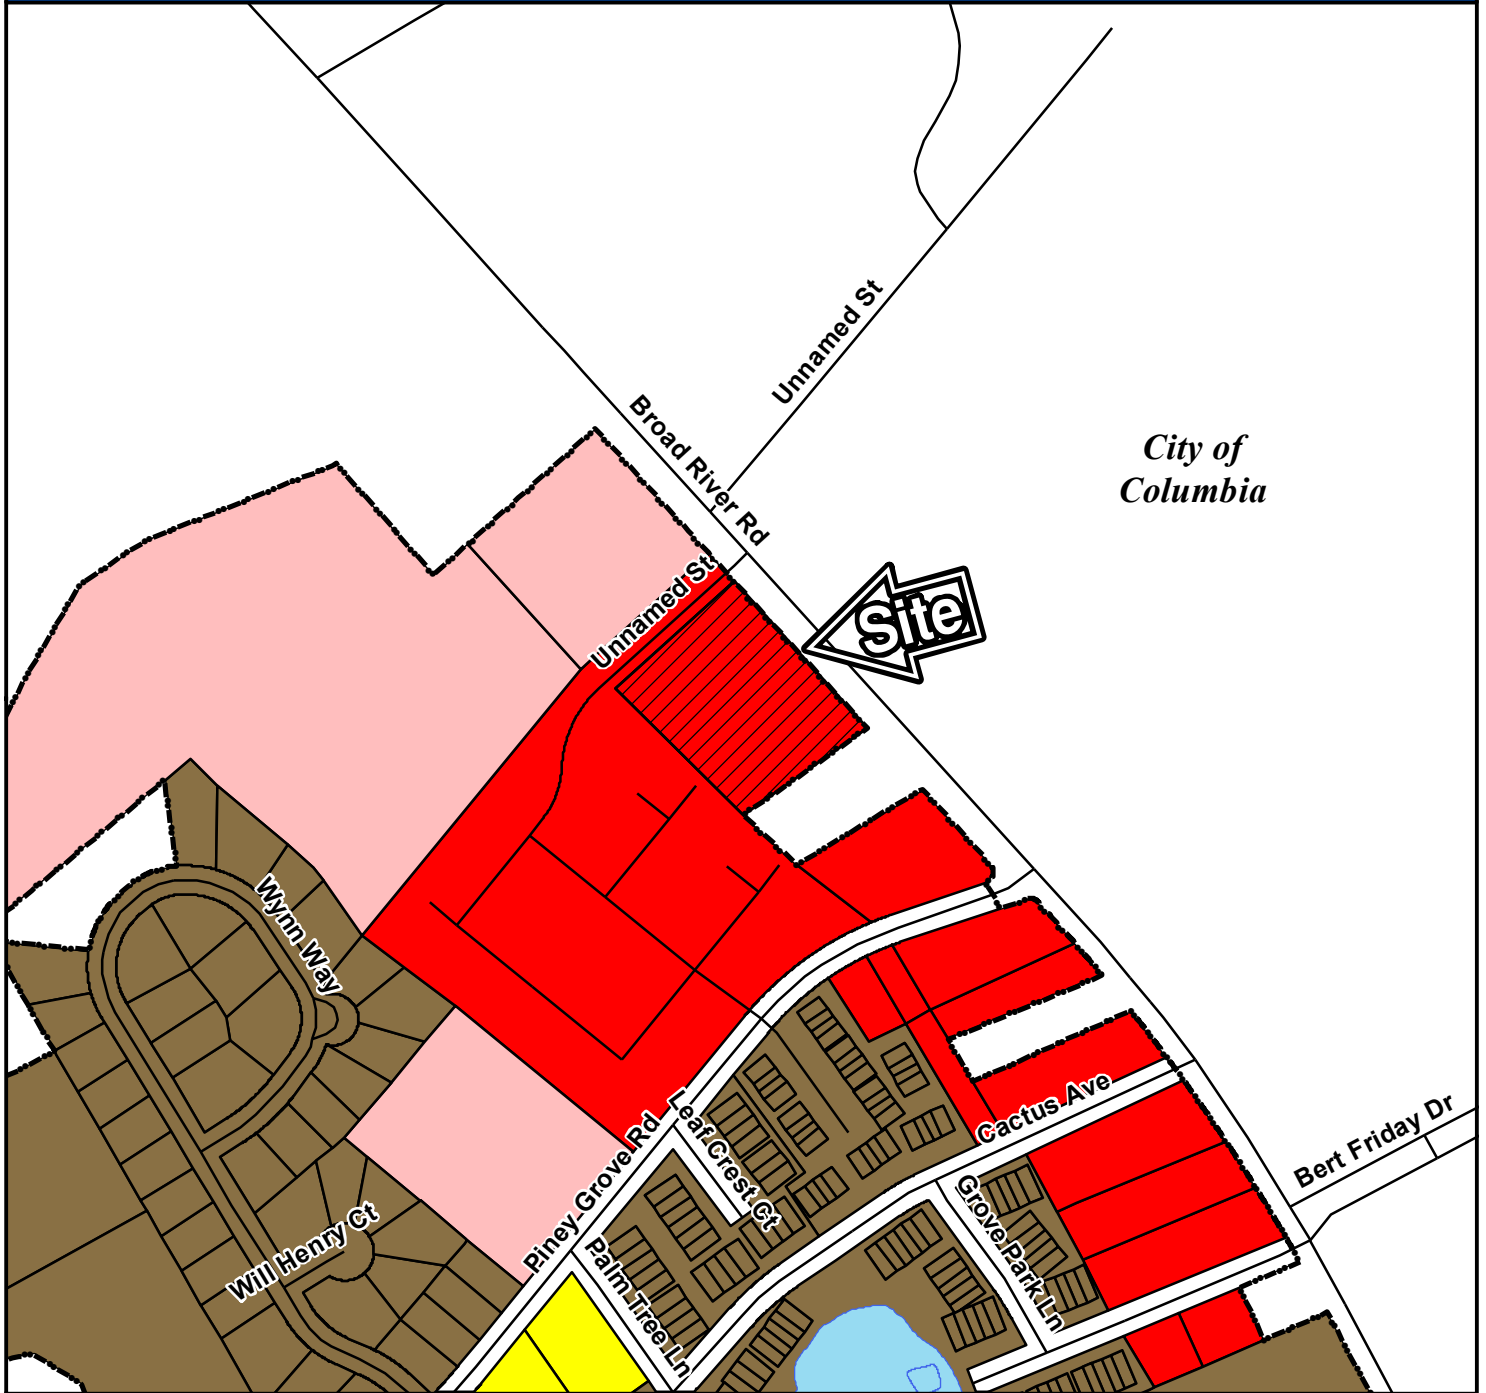

The request does not support the neighborhood scale development called for in the Broad River Road Corridor and Community Master Plan, as the LI district promotes wholesaling, distribution, storage, processing, light manufacturing and general commercial uses. In addition, the request would introduce a zoning designation which is not compatible or consistent with the zoning along this section of Broad River Road or the surrounding area.

For these reasons, staff recommends **Disapproval** of this map amendment.

RC PROJECT: 16-10MA
APPLICANT: Rodney Pendleton

LOCATION: 227 Larger Street

TAX MAP NUMBER: R07714-04-01
ACREAGE: 7.38 acres
EXISTING ZONING: RS-LD
PROPOSED ZONING: RU

PC SIGN POSTING: March 18, 2016

Staff Recommendation

Disapproval

Background

Zoning History

The original zoning as adopted September 7, 1977 was RS-1 District which became the Residential Single-Family Low Density (RS-LD) District with the Land Development Code change in 2005.

Zoning District Summary

The Rural District (RU) is intended to provide areas for low intensity agricultural uses and very-low density single-family, detached residential home construction. RU zoning is intended to provide for the preservation of open space, farmland and rural areas, and to protect and encourage the integrity of existing rural communities.

Minimum lot area: 33,000 square feet (one acre), or as determined by the DHEC, but in no case shall it be less than 33,000 square feet. Maximum density standard: no more than one (1) principal dwelling unit may be placed on a lot except for permitted accessory dwellings.

Direction	Existing Zoning	Use
<u>North:</u>	RS-LD	Undeveloped
<u>South:</u>	RU	Undeveloped
<u>East:</u>	RS-LD	Undeveloped
<u>West:</u>	RU/MH	Multiple residences/ Undeveloped and residences

Discussion

Parcel/Area Characteristics

The parcel has access to Larger Street, a two lane local road. The subject parcel is undeveloped. There are no sidewalks or streetlights Larger Street. The surrounding area is primarily characterized by a mix of residential uses and undeveloped parcels. West of the subject parcel are multiple RU parcels with residences. North, east and south of the subject parcel is undeveloped.

Public Services

The subject parcel is within the boundaries of School District One. The Forest Heights Elementary School is located .9 miles northeast of the subject parcel on Blue Ridge Terrace. The Crane Creek fire station (number 18) is located 2.4 miles east of the subject parcel on Fairfield Road. Records indicate that water service would be through a well and sewer could be served by an onsite septic tank.

Plans & Policies

Comprehensive Plan

The updated Richland County Comprehensive Plan, ***“PUTTING THE PIECES IN PLACE”***, designates this area as ***Neighborhood (Low Density)***.

Land Use and Character

Areas where low-density residential is the primary use. These areas serve as a transition between Rural and Neighborhood (Medium-Density) areas, and are opportunities for low-density traditional neighborhood development and open space developments that preserve open spaces and natural features. Commercial development should be located within nearby Neighborhood Activity Centers, and may be considered for location along main road corridors and within a contextually-appropriate distance from the intersection of a primary arterial. Places of worship and parks are appropriate institutional uses, but should be designed to mitigate impacts on surrounding neighborhoods. Industrial development with significant community impacts (i.e., noise, exhaust, odor, heavy truck traffic) is discouraged in these areas.

Desired Development Pattern

Lower-density, single-family neighborhood developments are preferred. Open space developments that provide increased densities in trade for the protection of open spaces and recreational areas are also encouraged (see Desired Pattern for Rural areas for more information on open space developments). Residential developments that incorporate more open spaces and protection of natural areas through the use of natural stormwater management techniques, such as swales, are encouraged. Homes in neighborhoods can be supported by small-scale neighborhood commercial establishments located at primary arterial intersections, preferably within Neighborhood Commercial Activity Centers.

Traffic Characteristics

The 2014 SCDOT traffic count (Station # 250) located southwest of the subject parcel on Monticello Road identifies 4,700 Average Daily Trips (ADT's). This segment of Monticello Road is classified as a five lane undivided principal arterial, maintained by SCDOT with a design capacity of 33,600 ADT's. Monticello Road is currently operating at Level of Service (LOS) "A".

There are no planned or programmed improvements for this section of Monticello Road, either through SCDOT or the County Penny Sales Tax program.

Conclusion

The proposed RU District would be consistent with the objective for the Neighborhood Low Density designation outlined in the Comprehensive Plan's Land Use Element, based solely on the desired development pattern.

However, staff is of the opinion that the proposed district permits the introduction of uses which may not be in character with the existing development pattern and zoning along Larger Street. The RU District allows for uses that can be categorized as being more commercial or industrial, which could conflict with the residential character that currently exists in the area and is desired in the future.

For these reasons, staff recommends **Disapproval** of this map amendment.

Map Amendment Staff Report

PC MEETING DATE: April 4, 2016
RC PROJECT: 16-11 MA
APPLICANT: Angel Lara

LOCATION: 11214 Broad River Rd

TAX MAP NUMBER: R02600-04-20
ACREAGE: .51 acres
EXISTING ZONING: RU
PROPOSED ZONING: GC

PC SIGN POSTING: March 18, 2016

Staff Recommendation

Disapproval

Eligibility for Map Amendment Request

Minimum area for zoning map amendment application. No request for a change in zoning classification shall be considered that involves an area of less than two (2) acres, except changes that involve one of the following: (Ord. 038-09HR; 7-21-09).

In accordance with **Section 26-52. Amendments (b) (2) b. 5.** An addition of GC zoning contiguous to an existing industrial zoning district.

Background

Zoning History

The original zoning as adopted September 7, 1977 was Rural District (RU).

A GC parcel east of the site was rezoned under case number 02-45MA.

Zoning District Summary

The General Commercial (GC) District is intended to accommodate a variety of commercial and non-residential uses characterized primarily by retail, office, and service establishments oriented primarily to major traffic arteries or extensive areas of predominantly commercial usage.

No minimum lot area, except as required by DHEC. The maximum allowed density for residential uses is sixteen (16) dwelling units per acre.

Based upon a gross density calculation, the maximum number of units for this site is approximately: 8 dwelling units*.

*In calculating the maximum number of dwelling units, site characteristics, restrictions, land used for installation of infrastructure (which often amounts to 20-30% of the site), or application of open space provisions are not taken into consideration.

Direction	Existing Zoning	Use
<u>North:</u>	RS-LD	Undeveloped
<u>South:</u>	M-1	Undeveloped
<u>East:</u>	RS-LD/GC	Undeveloped/Restaurant
<u>West:</u>	M-1	Undeveloped

Discussion

Parcel/Area Characteristics

The subject parcel has frontage along Broad River Road. There are no sidewalks or street lights along this section of Broad River Road. The parcel contains a nonresidential structure. The structure is nonconforming and was previously used as an antique store (Jac's Dolls). The immediate area is characterized by residential, commercial and undeveloped parcels. The subject parcel is located west of a neighborhood activity center and Priority Investment Area.

Public Services

The subject parcel is within the boundaries of School District 5. The Spring Hill High School is located 1.5 miles west of the subject parcel on Broad River Road.

The Ballentine fire station (number 20) is located 2.5 miles southeast of the subject parcel on Broad River Road. There is a fire hydrant located east of the site on Broad River Road. The City of Columbia is the water service provider for the area and sewer service would be through Richland County.

Plans & Policies

The 2014 Richland County Comprehensive Plan, ***“PUTTING THE PIECES IN PLACE”***, designates this area as ***Neighborhood (Low Density)***.

Land Use and Character

Areas where low-density residential is the primary use. These areas serve as a transition between Rural and Neighborhood (Medium-Density) areas, and are opportunities for low-density traditional neighborhood development and open space developments that preserve open spaces and natural features. Commercial development should be located within nearby Neighborhood Activity Centers, and may be considered for location along main road corridors and within a contextually-appropriate distance from the intersection of a primary arterial. Places of worship and parks are appropriate institutional uses, but should be designed to mitigate impacts on surrounding neighborhoods. Industrial development with significant community impacts (i.e., noise, exhaust, odor, heavy truck traffic) is discouraged in these areas.

Desired Development Pattern

Lower-density, single-family neighborhood developments are preferred. Open space developments that provide increased densities in trade for the protection of open spaces and recreational areas are also encouraged (see Desired Pattern for Rural areas for more information on open space developments). Residential developments that incorporate more open spaces and protection of natural areas through the use of natural stormwater management techniques, such as swales, are encouraged. Homes in neighborhoods can be supported by small-scale neighborhood commercial establishments located at primary arterial intersections, preferably within Neighborhood Commercial Activity Centers.

Traffic Characteristics

The 2014 SCDOT traffic count (Station # 181) located east of the subject parcel on Broad River Road identifies 36,000 Average Daily Trips (ADT's). This segment of Broad River Road is classified as a four lane divided Principal Arterial road, maintained by SCDOT with a design capacity of 33,600 ADT's. Broad River Road is currently operating at Level of Service (LOS) "D".

There are no planned or programmed improvements for this section of Broad River Road, either through SCDOT or the County Penny Sales Tax program.

Conclusion

Staff is of the opinion that the proposed rezoning would not be consistent with the objectives outlined in the Comprehensive Plan.

The Plan recommends commercial development within Neighborhood Activity Centers and within contextually-appropriate distances from the intersection of a primary arterial. The subject parcel is not located at a traffic junction and is not within a contextually-appropriate distance from the intersection of a primary arterial, nor does the proposed zoning district support neighborhood scale development. The Plan also discourages "...strip commercial development or fragmented "leapfrog" development patterns along corridors."

For these reasons, staff recommends **Disapproval** of this map amendment.

Richland County Planning & Development Services Department

Map Amendment Staff Report

PC MEETING DATE: April 4, 2016
RC PROJECT: 16-12 MA
APPLICANT: Charlotte Huggins

LOCATION: 1010 R L Coward Rd & 10512 Garners Ferry Rd

TAX MAP NUMBER: R30600-02-08 & 16
ACREAGE: 4.12 acres & 1.86 acres (5.89 acres)
EXISTING ZONING: RU
PROPOSED ZONING: RC

PC SIGN POSTING: March 18, 2016

Staff Recommendation

Disapproval

Background

Zoning History

The original zoning as adopted September 7, 1977 was Rural District (RU).

The parcel R30600-02-16 was part of a previous request from RU to General Commercial (GC) District under case number 16-02MA. That request was denied by County Council at the February 2016 Zoning Public Hearing.

A GC parcel south of the site was rezoned under Ordinance Number 051-14HR (case number 14-16MA).

Zoning District Summary

The Rural Commercial District (RC) recognizes the need to provide for areas within Richland County where residents of the more isolated agricultural and rural residential districts and residents located beyond the limits of service of the municipalities can receive convenience merchandising and services. It is intended to be a flexible district allowing a mixture of uses in order to accommodate commercial and service activities oriented primarily to serving the needs of persons who live in nearby areas. The RC District is proposed to be within or adjacent to residential neighborhoods where large commercial uses are inappropriate, but where small neighborhood oriented businesses are useful and desired. This district is further designed to be located at or near intersections of arterial and/or major collector roads so as to prevent the spreading of commercial uses down the major corridors or into the surrounding countryside.

Minimum lot area/maximum density: Minimum lot area requirement: 22,000 square feet or as required by DHEC. Maximum density: there is no maximum density standard.

Direction	Existing Zoning	Use
<u>North:</u>	RU	Timberland
<u>South:</u>	GC	Convenience store with pumps
<u>East:</u>	RU	Residence
<u>West:</u>	RU	Residence

Discussion

Parcel/Area Characteristics

The subject parcel has frontage along Garners Ferry Road. There are no sidewalks or street lights along this section of Garners Ferry Road.

The parcel contains two nonresidential structures. The immediate area is characterized by large lot residential uses along the northern and southern portions of Garners Ferry Road and a convenience store with pumps (Mr. Bunky’s Market) south of the subject parcel.

Public Services

The subject parcel is within the boundaries of School District 1. The Horrell Hill Elementary School is located 3.3 miles west of the subject parcel on Congaree Road.

The Congaree Run fire station (number 29) is located eight hundred (800) feet south of the subject parcel on Old Congaree Run. There is a fire hydrant located at the intersection of R.L. Coward Road and Garners Ferry Road. The City of Columbia is the water service provider for the area.

Plans & Policies

The 2014 Richland County Comprehensive Plan, **“PUTTING THE PIECES IN PLACE”**, designates this area as **Rural**.

Land Use and Character

Areas where rural development and smaller agricultural operations are appropriate. These areas serve as a transition between very low density rural areas and suburban neighborhood developments. The areas could include rural subdivisions and open space subdivisions. These subdivisions would support lots that are smaller than the Rural Large Lot land use, but larger than lots characteristic of neighborhood low density. Rural areas should be designed to maintain large tracts of undisturbed land, particularly areas of prime environmental value. Rural developments should provide natural buffering between adjacent uses. Appropriate roadway buffers should result in creating a natural road corridor with limited visibility into developed areas.

Desired Development Pattern

Rural areas should be designed to accommodate single-family residential developments in a rural setting. This includes master planned, rural subdivisions. Open space developments that set aside open space and recreational areas are an alternative form of Rural development. Open space developments are a land development design tool that provides a means of both preserving open space and allowing development to be directed away from natural and agricultural resources. These designs often allow for flexibility in lot sizes and dimensions in trade for the protection of surrounding, larger open spaces. Commercial development should be limited to Rural Activity Centers.

Traffic Characteristics

The 2014 SCDOT traffic count (Station # 172) located west of the subject parcel on Garners Ferry Road identifies 22,600 Average Daily Trips (ADT's). This segment of Garners Ferry Road is classified as four lane divided Principal Arterial road, maintained by SCDOT with a design capacity of 33,600 ADT's. Garners Ferry Road is currently operating at Level of Service (LOS) "B".

There are no planned or programmed improvements for this section of Garners Ferry Road, either through SCDOT or the County Penny Sales Tax program.

Conclusion

Staff is of the opinion that the proposed rezoning would not be consistent with the objectives outlined in the Comprehensive Plan.

The Richland County Comprehensive Plan recommends residential development on large lots, open space subdivisions and smaller agricultural operations for areas designated as Rural. The Plan also supports commercial development located at rural crossroads only in Rural Activity Centers, as the intent of the Rural future land use designation is to prevent the spreading of commercial uses along rural corridors.

In addition, the intent of the RC District is to serve isolated areas of the County, which this request would not as there are existing commercial uses in the area.

Further, approval of the rezoning request would not be in character with the rural pattern of Garners Ferry Road.

For these reasons, staff recommends **Disapproval** of this map amendment.

SECTION II. The Richland County Code of Ordinances; Chapter 26, Land Development; Article VI, Supplemental Use Standards; Section 26-151, Permitted Uses with Special Requirements; Subsection (b), Permitted Uses with Special Requirements Listed by Zoning District; is hereby amended by the insertion of a new paragraph to read as Paragraph “(64) Restaurants, Cafeterias; Restaurants, Full Service (Dine-In Only); Restaurants, Limited Service (Dine-In) – OI, NC, RC, GC, M-1, LI”, the existing Paragraph (64) is renumbered to read as Paragraph (65), and all remaining paragraphs are renumbered in appropriate chronological order.

SECTION III. The Richland County Code of Ordinances; Chapter 26, Land Development; Article VI, Supplemental Use Standards; Section 26-151, Permitted Uses with Special Requirements; Subsection (c), Standards; is hereby amended by the insertion of a new paragraph to read as Paragraph “(64) Restaurants, Cafeterias; Restaurants, Full Service (Dine-In Only); Restaurants, Limited Service (Dine-In)”, the existing Paragraph (64) is renumbered to read as Paragraph (65), and all remaining paragraphs are renumbered in appropriate chronological order.

- (64) Restaurants, Cafeterias; Restaurants, Full Service (Dine-In Only); Restaurants, Limited Service (Dine-In)
 - a. Use districts: Office and Institutional; Neighborhood Commercial; Rural Commercial; General Commercial; M-1 Light Industrial; LI Light Industrial.
 - b. As a regular and substantial source of business to the licensed establishment, meals shall be served upon the demand of guests and patrons during the normal “mealtimes” which occur when the licensed business establishment is open to the public and that an adequate supply of food is present on the licensed premises to meet such demand.
 - c. Seating must be provided for at least twenty (20) patrons.
 - d. Tables and booths must be of adequate height and size to accommodate full food service in accordance with the number of chairs found at the table/booth.
 - e. The bar area shall not cover more than twenty-five (25) percent of floor area, excluding the kitchen, storage area(s), serving areas and offices.
 - f. A full floor plan of the restaurant shall be provided to the Zoning Administrator.
 - g. Alcoholic beverages shall not be sold or dispensed unless the kitchen is open and prepared food items from the menu are available to patrons.

- h. The stage area for entertainment shall not exceed one-hundred (100) square feet.
- i. The area devoted to dancing shall not exceed 250 square feet or ten percent of total floor area (excluding the kitchen, storage area(s), serving areas and offices), whichever is greater.
- j. Admission/cover charges prior to entrance are prohibited.
- k. The use of metal detection wands, frisking, and identification checks on patrons prior to entrance is prohibited.
- l. The restaurant must be equipped with a kitchen that is primarily utilized for the cooking, preparation and serving of meals.
- m. The restaurant must have readily available to its guests and patrons either “menus” with the listings of the various meals offered for service or a listing of available meals and foods, posted in a conspicuous place readily discernible by the guest or patrons.
- n. The restaurant must prepare for service to customers hot meals at least once each day the business establishment chooses to be open.
- o. If such establishment advertises, a substantial portion of its advertising must be devoted to its food services.
- p. Dancing poles within the establishment are prohibited.
- q. The following definitions shall be used in conjunction with this paragraph:
 - 1. “Meal” means an assortment of various prepared foods which shall be available to guests on the licensed premises during the normal “mealtimes” which occur when the licensed business establishment is open to the public. Sandwiches, boiled eggs, sausages and other snacks prepared off the licensed premises but sold thereon, shall not constitute a meal.
 - 2. “Kitchen” means a separate and distinct area of the business establishment that is used solely for the preparation, serving and disposal of solid foods that make up meals. Such area must be adequately equipped for the cooking and serving of solid foods, and the storage of same, and must include at least twenty-one cubic feet of refrigerated space for food and a stove.

SECTION IV. Severability. If any section, subsection, or clause of this ordinance shall be deemed to be unconstitutional or otherwise invalid, the validity of the remaining sections, subsections, and clauses shall not be affected thereby.

SECTION V. Conflicting Ordinances Repealed. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION VI. Effective Date. This ordinance shall be enforced from and after _____, 2016.

Planning and Development Services Department

**PLANNING DIRECTOR'S REPORT OF COUNCIL ACTIONS
ZONING PUBLIC HEARING**

March 22, 2016

7:00 PM

Call to Order: Honorable Torrey Rush, Chair

Additions/Deletions to the Agenda: None.

Adoption of the Agenda: Tracy Hegler, Planning Director, requested that the text amendment regarding special requirements for bars and other drinking places be deferred. A motion was made and council deferred the aforesaid text amendment to the April Zoning Public Hearing. The amended agenda was then unanimously approved.

Map Amendments:

Case # 16-05 MA, Keith Utheim, RU to RS-MD (27.52 acres), TMS # 26000-03-02, Bookman Road: The public hearing was held on February 23, 2016. Council unanimously denied the rezoning request. **ACTION: PLANNING**

Case # 16-06 MA, David Stuck, RU to RM-HD (16.25 acres), TMS # 19100-07-01 & 02, 825 Hallbrook: The public hearing was opened. A representative for the applicant spoke in favor of the rezoning request and seven people spoke against it. The public hearing was closed. Council unanimously denied the rezoning request. **ACTION: PLANNING**

Text Amendments:

An Ordinance Amending Chapter 26, Land Development; Section 26-173, Off-Street Parking Standards; Subsection (f), Parking of Recreational Vehicles, Boats, And Travel Trailers; so as to add utility trailers. The public hearing was opened. One person spoke in favor of the text amendment and one person spoke against it. The public hearing was closed. Council unanimously referred the text amendment to the ad hoc Ordinance Review Committee and directed that another public hearing be held once the ordinance had been vetted and finalized. **ACTION: PLANNING, CLERK OF COUNCIL**

An Ordinance Amending Chapter 26, Land Development; Sections 26-141 and 151; so as to add cigar bars as a permitted use with special requirements in the NC, GC, M-1, and LI zoning districts. The public hearing was opened and one person spoke in favor of the

text amendment. The public hearing was closed. Council approved the text amendment on a vote of 5-4, and gave first reading to the ordinance. [ACTION: PLANNING, CLERK OF COUNCIL](#)

An Ordinance Amending Chapter 26, Land Development; Section 26-151; so as to modify the special requirements for “Bars and Other Drinking Places. This text amendment was deferred to the April zoning public hearing. [ACTION: PLANNING](#)

Adjournment: Council adjourned at 7:56 p.m.
