December 21, 2007

To the County Council and the Citizens of Richland County:

We are pleased to present this Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2007. This report contains the financial statements and other financial and statistical data that provide a complete and full disclosure of all material financial aspects of the County.

Management of Richland County assumes responsibility for the completeness and reliability of all the information presented in this report based upon a comprehensive framework of internal control that it has established for this purpose. This report consists of management's representations concerning the financial position and results of operations for the fiscal year ended June 30, 2007.

All financial activity is presented in conformity with accounting principles generally accepted (GAAP) in the United States of America as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources, and includes the implementation of the new reporting models as promulgated by GASB Statement 45.

Robert E. Milhous, C.P.A., P.A. & Associates have audited the financial statements in accordance with general accepted auditing standards. The independent auditor's report can be found at the front of the financial section of this report.

The independent audit of the financial statements was part of a broader, federally mandated "Single Audit" designed to meet the special needs of the federal grantor agencies. The County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, as amended in 1996, and the U.S. Office of Management and Budget's Circular A-133, <u>Audits of State and Local Governments</u>. Information related to this single audit, including a schedule of federal financial assistance, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in a separate Single Audit Report.

The CAFR is organized in three sections: the Introductory Section, the Financial Section and the Statistical Section. The Introductory Section contains a table of contents, letter of transmittal, organization chart, list of elected and appointed officials and a Certificate of Achievement for Excellence in Financial Reporting for the 2006 CAFR. The Financial Section includes the Independent Accountants Report, Management's Discussion

and Analysis, the Basic Financial Statements and Notes that provide an overview of the County's financial position and operating results, the Combining Statements for non-major funds and other schedules that provide detailed information relative to the Basic Financial Statements. The Statistical Section provides selected financial, economic and demographic information that may be used to indicate trends for comparative fiscal periods.

Management's discussion and analysis (MD&A) immediately follows the independent audit's report and provides an introduction, overview, and analysis of the basic financial statements. The discussion and analysis complements this letter of transmittal and should be read in conjunction with it.

### Description of Richland County

The County operates under the Council-Administrator form of government in accordance with the "Home Rule Act." The Home Rule Act is the cornerstone of self-government at the local level. Under the Council-Administrator form of government, an eleven member elected County Council employs an Administrator who is responsible for all departments of County government which the Council has the authority to control.

Richland County is situated in the center of South Carolina and covers a total area of 756 square miles. The County surrounds the state capitol and the City of Columbia. Established in 1785, the County has grown to become home to approximately 340,000 residents, and represents a thriving business, industrial, governmental, and educational center. The County employs approximately 1833 people between full-time and part-time staff and currently operates from a 126.6 million dollar budget.

Richland County provides a full range of services including police and fire protection services, health and social services, emergency medical services, water, sewer, garbage and recycling services, the construction and maintenance of highways, streets and infrastructure, a general aviation airport and cultural and recreational activities and events. The County operates on a fiscal year that runs July 1 through June 30, and is fiscally managed based on an annual operating budget that is developed and presented to the County Council by the Administrator in early May. The County Council reviews the recommendation and makes adjustments throughout May and June. The process is designed for the annual budget to be adopted prior to June 30<sup>th</sup> and effective on July 1<sup>st</sup>.

The budget represents the culmination of funding decisions made by Richland County Council during the budget process for each fiscal year. Budgeted to actual expenditure comparisons are presented in this report for the general fund and the major governmental funds in the basic financial statement section. The non-major special revenue and debt service funds are included in the combining and individual statements and schedules section of this report. Richland County follows the state law regarding the control, adoption and amendment of the budget during each fiscal year; however, the County Council increases the level of budgetary control because the Council approves all departmental budgetary amendments by ordinance.

### **Economic Condition of Richland County**

Local Economy: Ranked consistently as one of the fastest growing areas in the country, Richland County and Columbia possess a virtually recession-proof economy. This is due to the presence of the seats of State and County government, the University of South Carolina, eight additional institutions of higher education and Fort Jackson (the nation's largest Army entry training base).

The County enjoys a diversified economy. Presently, 23% of the work force is employed in government; 10.7% is employed in educational & health; 12% in wholesale and retail trade; 12% in services; 8% in manufacturing; 9% in finance, insurance and real estate; 5% in construction; and 19% in transportation and public utilities. Traditionally, unemployment in Richland County is among the lowest in the state. As an example, the South Carolina Employment Security Commission's unemployment figures for 2007 show Richland County at 5.4%, the state at 5.5% and the United States at 4.5%.

In addition to government, the County is the home office of South Carolina Electric & Gas Company, as well as a number of insurance companies, including Blue Cross/Blue Shield, Colonial Life & Accident, and Siebels Bruce Group, Inc. Some companies that have relocated to Richland County include Bose Corporation, American Italian Pasta Company, American KOYO, United Parcel Service, and Union Switch and Signal Company. Richland County's employment base is dominated by service industries. Major private sector employers include; Palmetto Health Alliance, BlueCross BlueShield, University of South Carolina, Richland School District #1, Department of Defense, Richland School District #2, BellSouth, SCANA, and Palmetto GBA, LLC.

Based on Richland County's attractive economic environment and resources, the trend for growth is expected to continue through the next several years. The strategic business plan is to bring high tech, environmentally safe industries representing many skill levels to Richland County in order to have a positive economic impact on the County. The alternatives for managing positive, progressive growth add value to the economic, social, and cultural characteristics of the quality of life in Richland County.

### Long-term Financial Planning

Richland County prepares a five year capital plan and updates it each year in the annual budget process. Management's goals and objectives are to continue to provide infrastructure for future growth and sound fiscal management of County resources while maintaining the quality of life enjoyed here in Richland County. The County's sound and fiscally prudent budgeting and financial management have allowed the County to meet emerging infrastructure needs and to maintain facilities and programs of the community. This has been accomplished due to reassessments on property and the implementation of a 1% local option sales tax.

Each year in January, the Richland County Council attends an annual council planning retreat with the specific intent to the ongoing development and evaluation of long-range and short-range goals for the County. County Council has committed to this process because they understand the importance of their responsibility, not only to the county constituents today, but also to the economic health, the environment, and the quality of life that is being cultivated and sustained for the future of Richland County citizens.

These goals represent a managerial commitment to achieving specific outcomes and results within a specific timeframe. The following represents the framework of current goals intended to guide the financial and strategic management of the county.

### Long-Range Goals

### Budget and Planning

- Develop long range capital plan for construction of Public Safety Facilities.
- ✓ Develop a transition plan to incorporate certain administrative operations of the Recreation Commission into the County to reduce duplication and costs.
- ✓ Explore alternative sources of revenue to further reduce reliance on property taxes
- ✓ Develop a long-range financial plan to address the implementation of the Water and Sewer Master Plan.
- ✓ Improve the Fire and EMS network for the County

### Strategic Planning

 Adopt a strategic plan to guide priorities over the next five years and evaluate progress annually.

### **Key Short-Range Goals**

### **Budget and Planning**

- ✓ To address Victims Assistance Program funding issues.
- ✓ To implement a strategic capital projects plan.
- ✓ Evaluate opportunities of shared County-owned facilities.
- ✓ To update the Comprehensive Land Use Plan with input from the Transportation Study Commission.
- ✓ To address Planning Department staffing needs.
- To initiate a growth management plan that includes the municipalities.

### **Policy Issues**

✓ To develop a sewer line extension policy in conjunction with the municipalities.

### Strategic Planning

✓ To engage in citizen-based strategic planning process to set five-year priorities.

### Cash Management

Cash, which was temporarily idle during the year, was invested in certificates of deposit, obligations of the U.S. Treasury and repurchase agreements. The maturity of these investments ranges from 30 days to three years. The average interest rate earned during fiscal year 2007 was 5.3%. Interest income includes appreciation in the fair value of investments. Increases in the fair value occur during the year, but do not produce realizable gains.

The County's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. All collateral on deposits was held either by the County, its agent, or a financial institution's trust department in the County's name. All investments, subject to risk classification, held by the County at June 30, 2007, are classified in the categories of credit risk as defined by the Governmental Accounting Standards Board.

### Awards and Acknowledgements

The Government Finance Officers Association awarded a Certificate of Achievement for Excellence in Financial Reporting to Richland County for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2006.

This was the twenty fifth consecutive year that Richland County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The County also received the GFOA's Award for Distinguished Budget Presentation for its annual appropriated budget dated July 1, 2006. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization.

Acknowledgments: Each department has a strong commitment to the goals, vision, and mission of Richland County Government. The commitment is reflected in the quality services provided each day to the residents of the County. We thank each department for the cooperation in carrying out the financial activities of the County. I sincerely appreciate the entire staff of the Finance Department for their diligence and dedication during the year and especially during the preparation of this report.

We would also like to express our appreciation and thanks to the firm of Robert E. Milhous, CPA, PA, who helped us with their comments and advice.

Respectfully submitted,

Daniel Driggers Finance Director

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

## Richland County South Carolina

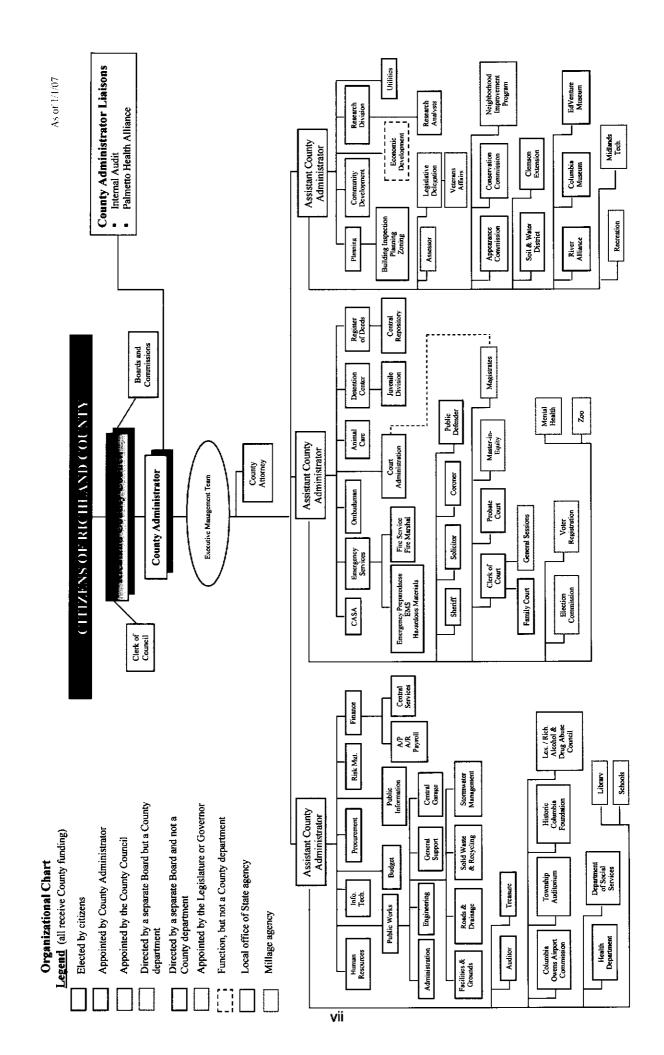

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2006

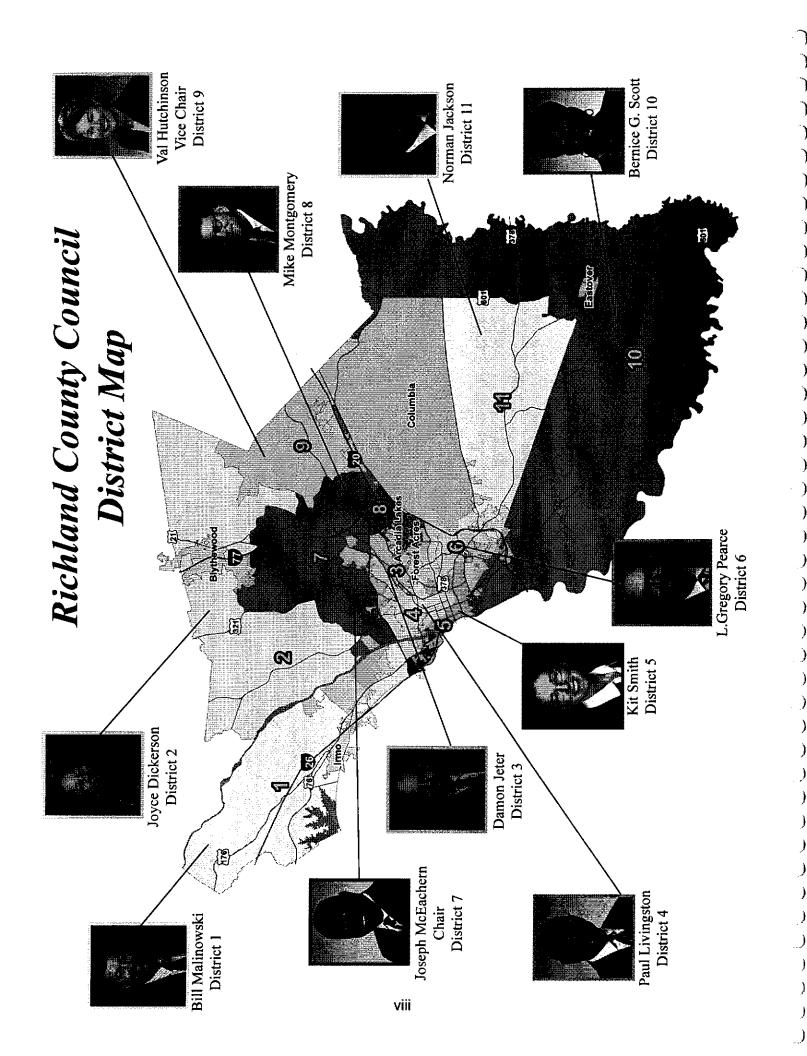

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

### REPORT OF INDEPENDENT AUDITOR

The Honorable Chairman and Members of County Council Richland County, South Carolina

I have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Richland County, South Carolina (the "County"), as of and for the year ended June 30, 2007, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. My responsibility is to express an opinion on these financial statements based on my audit. I did not audit the financial statements of Richland County Public Library System, which represent 44% of the assets and revenue of the discretely presented component units. Those financial statements were audited by other auditors whose report thereon have been furnished to me, and my opinion, insofar as it relates to the amounts included for the Richland County Public Library System, is based solely on the report of other auditors.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit and the report of other auditors provide a reasonable basis for my opinion.

In my opinion, based on my audit and the report of other auditors, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Richland County, South Carolina, as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying Management's Discussion and Analysis and the Required Supplemental Information as listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming an opinion on the 2007 financial statements that collectively comprise the County's basic financial statements. The accompanying supplementary information such as the combining and individual fund financial statements and schedules as listed in the table of contents as Other Financial Information are presented for purposes of additional analysis and are not a required part of the basic financial statements of Richland County, South Carolina. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections of this report have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly I express no opinion or any other form of assurance on this information.

illion, CPA, P.A.

December 21, 2007

Columbia, South Carolina

### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Richland County's annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year that ended on June 30, 2007. Please read it in conjunction with our letter of transmittal, which can be found at the front of this report. All amounts are expressed in thousands of dollars unless otherwise indicated.

### FINANCIAL HIGHLIGHTS

### **Overview of the Financial Statements**

This annual report consists of three parts: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. Also included is a section of required supplementary information. There are two basic types of statements. Each presents a different view of the County.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the County's overall financial status. Similar to private-sector business, these statements are intended to provide readers with a broader overview of Richland County's financial position.
- The second type of statements are fund financial statements. These focus on individual parts of the County's financial activities in detail. These are divided into three major categories: governmental funds, proprietary funds, and fiduciary funds.

The financial statements also include a section of notes that contain detailed data and provide further explanation of portions of the information in the financial statements.

### Government-wide Financial Statements

The government-wide statements provide information about the County as a whole using accounting methods similar to those used by private-sector companies. Two statements comprise the government-wide statements, the statement of net assets and the statement of activities. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities independent of when cash is received or paid.

The two government-wide statements report the County's net assets and how they have changed. Net assets - the difference between the County's assets and liabilities - is one way to measure the County's financial health, or position.

- Over time, increases or decreases in the County's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of the County's roads.

The statement of activities presents changes in the County's net assets during the year. This statement is impacted by the following:

- Activities are reported when the underlying event occurs, independent of cash flow timing.
- Revenues or expenses may be reported that will only result in cash flow changes during subsequent years.

Both the statement of net assets and the statement of activities distinguish between functions supported by taxes and intergovernmental revenues as opposed to those whose fees for service are intended to cover all or a significant portion of the corresponding cost of the service. The government-wide financial statements of the County are divided into three categories:

- Governmental activities Most of the County's basic services are included here, such as the
  general government functions, public safety, public works, health and social services, and
  economic development. Property taxes and intergovernmental revenues finance most of these
  activities.
- Business-type activities The County charges fees to customers to help it cover the costs of
  certain services it provides. The County's solid waste, water and sewer system, parking
  facilities, and farmer's market are included here.
- Component units The County includes four other entities in its report the Richland County
  Public Library, the Township, and the Recreation Commission are presented as component
  units, and the Richland County Development Corporation is presented as a "blended"
  component unit. Although legally separate, these "component units" are important because the
  County is financially accountable for them.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the most significant activities of the County. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending based on their purposes.

- Some funds are required by State law and bond covenants.
- The County Council establishes other funds to control and manage money for particular purposes or to properly account for uses of certain taxes and grants.

The County has three kinds of funds:

Governmental funds – The majority of the County's basic services are included in governmental funds, which focus on (1) how cash and other financial assets can be readily converted to cash flow and (2) the amounts remaining at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that allows others to determine the amount of financial resources that can be spent in the near future to finance the County's programs. Since this information does not encompass the additional long-term focus of the government-wide statements, it is useful for readers to use the statements jointly to assess the County's overall position and the ability to meet both short term and long term obligations. The County adopts an annual budget for the general fund and the road maintenance funds. These are considered major funds, therefore a budgetary comparison statement has been provided for each in the required supplementary information section following the notes. The County maintains many other governmental funds. Individual fund data is provided in the form of combining statements following the budgetary comparison schedules in the required supplementary information section.

*Proprietary funds* – Proprietary funds provide detail of the County's business type activities. Fees are charged for services in order to meet most or all of the cost of providing the services. Proprietary fund statements, like the government-wide statements, provide both long-term and short-term financial information. The County presents in formation for two types of proprietary funds:

- Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Enterprise funds are used to account for activities in solid waste, water and sewer, parking, farmer's market and the development corporation.
- Internal service funds are used to accumulate and allocate costs internally among the County's
  functions. The County uses an internal service fund to account for its fleet management
  activities. These activities primarily benefit the various functions of the County and are
  included in the governmental activities in the government-wide financial statements.

Fiduciary funds - The County acts as agent, or fiduciary, for other entities resources. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets. We exclude these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Other information included in this report includes the notes to the financial statements and required supplementary information. The notes are an integral part of understanding the information presented in both the government-wide statements and the fund statements. Also included is required supplementary information. This includes both the budgetary comparison schedules mentioned previously and information on the County's method of accounting for infrastructure assets.

### Government-wide Financial Analysis

Net assets. As mentioned earlier, changes in the County's net assets can be a useful indicator of the County's financial position. The County's combined net assets increased \$56.4 million between fiscal years 2006 and 2007. Net assets for Governmental Activities increased \$57 million or 11.6 percent while net assets for Business-type Activities decreased slightly by \$0.9 million for a combined net increase of 10.6 percent overall. The primary driver for the increase in net assets for the governmental funds was an increase in fees for services and a decrease in overall administrative expenditures. The slight decrease in net assets for the business-type funds is due to additional costs associated with user services.

| Invested in capital assets, |           |           |                       |          |           |           |
| net of related debt         | 433,561   | 420,836   | 16,346                | 14,272   | 449,907   | 435,108   |
| Restricted                  | 32,319    | 24,906    | -0-                   | 320      | 32,319    | 25,226    |
| Unrestricted                | 82,737    | 45,590    | 3,880                 | 6,542    | 90,912    | 52,132    |
| Total net assets            | \$548,617 | \$491,332 | \$20,226              | \$21,134 | \$568,843 | \$512,466 |

The largest portion of the County's net assets is its investment in capital assets. These capital assets include land, buildings, machinery, and equipment and comprise 79% of the County's total net assets, less any related debt used to acquire those assets that is still outstanding. Resources used to repay this debt must come from other sources since the capital assets cannot be used to liquidate the debt. These capital assets are used to provide citizens with needed services. Of the \$569 million in net assets, \$32 million are restricted for specific uses. These uses include debt service payments, fire service activities, economic development, road maintenance, and other activities. This comprises 5% of the total net assets, leaving \$90 million or 16% available to meet other obligations of the County's operations.

The County was able to report positive net asset balances combined with positive net asset growth in all three categories of net assets.

At June 30, the County's total revenue increased \$18.1 million or 8.1% over the prior year while expenses from all activities grew by \$3.9 million or 2.2%. This resulted in a positive net change from operations of \$14.4 million at the end of fiscal year 2007.

### **Governmental Activities**

Revenues from Governmental activities increased \$16.6 million or 8.4% from 2006. The change was driven primarily by an increase in the ad valorem tax rate over the prior year, improved rate of return on funds held and several increases in fees for services such as business license and franchise fees. The County benefited slightly in 2007 from the first full year of collection on a new fee on motor vehicles imposed in January 2006 in order to cover costs for mass transit.

The total costs of all governmental programs increased by \$4.7 million or 3.0% over 2006. The largest impact was due to the rising cost of maintaining public safety operations and was driven by escalating costs associated with fuel, supplies, materials, health insurance, and worker's compensation. The County's expenses cover a range of services, with about half of all costs related to public safety operations.

At \$85.4 million, the public safety sector has the highest level of spending. This includes areas such as the sheriff's department, detention center and emergency management services. This is followed by the general government sector at \$40 million in expenses. The general government sector includes the magistrates and courts, the county administrator's office, revenue billing and collection, public information, legal offices and elections.

### **Business-Type Activities**

Revenues from business-type activities increased \$1.5 million or 5.8% from 2006. The change was the result of an increase in fees for services for solid waste collection based on escalating cost of contract services.

The current year expenses for business-type activities decreased \$1 million due to one-time costs recognized in the Development Corporation and Farmer's Market during the prior fiscal year. This resulted in a minimal change to net assets.

### FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As the County completed the year, its governmental funds reported a combined fund balance of \$115.3 million, \$42.3 million higher than last year. 82% or \$34.5 million of the increase to fund balance is restricted for future use either by management designations or required based on fund type, inclusive of \$20 million increase in current capital projects. Total assets increased in governmental funds from \$99 million in 2006 to \$144 million in 2007. The increase is due to a combination of factors including positive operating results in governmental activities and issuance of new debt to fund capital projects throughout the County.

Revenues in the governmental funds increased 3% from \$178 million in 2006 to \$184 million in 2007 while expenditures increased 7% from \$165 million to \$177 million in 2007.

### General Fund Budgetary Highlights

Over the course of the year, the County Council revised the County budget several times. These budget amendments fall into two categories:

- Amendments and supplemental appropriations approved shortly after the beginning of the year to more accurately reflect the estimated amounts in the budget adopted in June 2007.
- Increases in appropriations to prevent budget overruns.

General Fund revenue ended the year \$6.7 million over the budget due to better than expected tax collection rates and improved rate of return from investments. Expenditures were approximately \$8.3 million below final budget amounts, primarily the result of prudent fiscal management.

### Road Maintenance Budgetary Highlights

The Road Maintenance fund was considered a major fund in fiscal year 2007. This special revenue fund includes two components; a \$20 fee assessed on all motor vehicles which helps defray the costs of maintenance on the County roads and a \$16 fee assessed on private/\$24 fee assessed on commercial motor vehicles to assist with costs associated with countywide mass transit.

Actual revenues ended on target with the budget for 2007. Expenditures ended \$1.5 million less than the final budget due to slower than expected road project completion rate. All unspent dollars will be utilized in subsequent years to continue maintenance and repairs of the County infrastructure.

### CAPITAL ASSET AND DEBT ADMINISTRATION

### Capital Assets

At the end of 2007, the County had invested \$651 million in a broad range of capital assets. This amount represents a net increase (including additions and deductions) of \$42 million, or 6 percent, over last year.

The County added \$28 million to ending infrastructure due to the continued strong housing market. This segment of the local economy positioned the County to accept forty-three miles of roads for minor sub-divisions in 2007 increasing total infrastructure by \$28 million.

As a part of a current year project the County added \$7 million of land to its capital asset value. The project is intended to support the development and relocation of the State Farmer's Market within Richland County.

One of the new projects under construction is the \$32 million dollar expansion of the Broad River Sewer Treatment Facility. This will increase the wastewater treatment facility capacity to 6,000,000 gallons a day. The facility will improve the quality of treatment of the wastewater in the County and provide for expansion of the service area while maintaining the County's ability to meet all Federal, State and Local Laws and guidelines

In lieu of annual depreciation, the County has elected to use the "modified approach" for its infrastructure assets. The County also implemented a new pavement management database. This system is providing the County with a new way of assessing the status of the road infrastructure and has adjusted its policy on the maintenance of roads accordingly. The pavement management system uses a measurement scale that is based on a condition index ranging from zero for a failed pavement to 100 for a pavement in perfect condition. The condition is used to classify roads in fair or better condition (70-100), fair condition (50-69), and substandard condition (less than 50). It is the County's policy to maintain roads at a condition of fair or better. Condition assessments are determined every third year. The County's roads have an estimated useful life, without repairs or resurfacing, of 20 years. The County's goal is to resurface 5% of the roads each year. Increases in the cost of materials, which increases the costs per mile of construction, have made it difficult to reach the 5% goal without increasing current funding levels. Although the County's current percentage of substandard roads increased 8% over last fiscal year, the overall condition of roads falls within the fair or better range.

### Long-term Debt

At year-end the County had \$131.7 million in bonds, notes, capital leases and accrued compensated absences outstanding - an increase of \$38.5 million over last year. More detailed information about the County's long-term liabilities is presented in Note 8 to the financial statements.

The County issued several new bonds in 2007. General obligation bonds in the amount of \$3.5 million were issued for the acquisition costs of vehicles for FY06 and FY07. The County issued an additional \$16.9 million for the Broad River Sewer plant upgrade to cover additional cost of acquisition and construction for the sewer plant. The debt service for these bonds will be paid from user fees associated with Broad River sewer plant. During FY07, the County entered into an agreement with the University of South Carolina and the City of Columbia to share the costs of building the Innovista garage in downtown Columbia. The funding for this project was from \$6.6 million in bond anticipation notes issued in FY2007. Finally, the County borrowed \$25.8 million to cover renovations for the Township, construction of the Farmer's Market, and acquisition of land for a new recreation complex. The debt service for these projects will be funded from Hospitality Tax revenues.

The state limits the amount of general obligation debt the County can issue to 8 percent of the assessed value of all taxable property within the County's legal limits. Our applicable outstanding debt of \$37.5 is significantly below this limit – which is currently \$100 million.

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

<u>Local Economy</u>: Richland County is ranked consistently as one of the fastest growing areas in the country. This is due to the presence of the seats of State and County government, the University of South Carolina, eight additional institutions of higher education, a wide healthcare base, and Fort Jackson (the nation's largest Army entry training base).

The County enjoys a diversified economy. Traditionally, unemployment in Richland County is among the lowest in the state. The South Carolina Employment Security Commission's unemployment figures for 2007 show Richland County at 5.4%, the state at 5.5% and the United States at 4.5%.

Based on Richland County's attractive economic environment and resources, the trend for growth is expected to continue through the next several years. The strategic business plan is to bring high tech, environmentally safe industries representing many skill levels to Richland County in order to have a positive economic impact on the County. The alternatives for managing positive, progressive growth add value to the economic, social, and cultural characteristics of the quality of life in Richland County.

Amounts available for appropriation in the general fund budget are \$126.6 million, an increase of 8.1 percent over the final 2007 budget of \$117.1 million. Property taxes (benefiting from increases in assessed valuations) and other taxes are expected to lead this increase. The County will use these increases in revenues to finance programs we currently offer and the expected impact of inflation on program costs.

Budgeted expenditures are expected to rise 4.8 percent to \$126.6 million over the final 2007 budget. The largest increments are increased wages due to the implementation of our updated class and compensation pay structure. The County has added no major new programs or initiatives to the 2007 budget.

### CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Richland County Finance, 2020 Hampton Street, Columbia, South Carolina 29204, or visit the County website at www.richlandonline.com.

### STATEMENT OF REVENUE, EXPENDITURES, AND CHANGES IN FUND BALANCES

### **GOVERNMENTAL FUNDS**

### — CONTINUED —

Reconciliation to amounts reported for Governmental Activities in the Statement of Activities (Note 20):

|   | ounts snown<br>thousands) |
|---|---------------------------|
| Net change in fund balances - total governmental funds  | \$<br>42,247              |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.    | 3,283                     |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in these funds.  | 29,934                    |
| The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal and interest consumes current financial resources of governmental funds. This amount is the net effect of these differences in the treatment of long-term debt and related items. | <br>(18,179)              |
| Change in Net Assets - Governmental Activities  | \$<br>57,285              |

### RICHLAND COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2007

### 1. Summary of Significant Accounting Policies

Richland County, a political subdivision of the State of South Carolina, was originally chartered in 1799 and incorporated in the year 1868. Richland County (the County) is geographically located in the center of South Carolina and includes the capital of the State, Columbia. The County operates under a Council-Administrator form of government and is governed by a chairman and ten (10) council members.

The financial statements of the County have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting principles.

These financial statements are presented in conformity with GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. GASB Statement No. 34 established new financial reporting requirements for governments and caused to restructure much of the information that the County presented in the past. The more significant of the government's accounting policies are described below.

### A. Reporting Entity

Using the criteria of GASB Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, the basic financial statements of the County present the reporting entity that consists of the primary government and those organizations for which the primary government is financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion could cause the County's financial statements to be misleading or incomplete.

Financial accountability is defined as appointment of a voting majority of the separate organization's board and either a) the ability to impose will by the primary government, or b) the possibility that the separate organization will provide a financial benefit to or impose a financial burden on the primary government. "Blended" component units are separate entities that are, substantially, part of the primary government's operations and are combined with financial data of the primary government. "Discretely presented" component units, on the other hand, are reported in separate columns in the Government-wide financial statements to emphasize that they are legally separate from the operations of the primary government. A summary of the County's blended and discretely presented component units follows:

**Blended Component Unit** 

For the year ended June 30, 2007, the County had a 'blended' component unit, Richland County Administrative Building Corporation (now known as Richland County Development Corporation) (the "Corporation"). County Council appoints the officers and directors of the corporation. The Corporation issued \$4,780,000 in certificates of participation to finance the acquisition of a building and certain fixtures and equipment for the County. The certificates are secured by the lease agreement with the County and will be retired through lease payments from the County and constitutes the imposition of a financial burden to the County by providing services entirely to the County. The substance of the capital lease agreement is that the assets and debt are those of the lessee (the County). The Corporation administers certain leased property and improvements, thereon in the County's industrial park. The corporation does not issue separate financial statements.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### **Summary of Significant Accounting Policies (continued)**

### A. Reporting Entity (continued)

### **Discretely Presented Component Units**

Using the criteria of GASB Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, the County has three 'discretely presented' component units and all have a June 30 fiscal year end.

### Columbia Township Auditorium

The Columbia Township Auditorium (the "Township") operates as a multi-purpose facility for the benefit of the citizens of the City of Columbia and Richland County. Act #831 of 1971 of the South Carolina General Assembly changed the makeup of the Board of Trustees to seven members appointed by Richland County Council for a term of five years. The County owns the land and building used by the Township to carry out all its activities and is responsible for issuing any bond indebtedness.

County Council approves the annual budget for the Township and reimburses the County for actual payroll-related costs incurred. The Township meets the criteria set forth in generally accepted accounting principles for inclusion as a component unit with Richland County, South Carolina as the primary reporting entity based on the County's ability to significantly influence operations.

### Richland County Public Library System

Richland County Public Library System (the "Library") was created in 1979 pursuant to Ordinance #554-79 to serve the needs of citizens in Richland County. The Library's Board of Trustees are appointed by County Council. The County owns the land and buildings used by the Library and finances Library construction through bond indebtedness. Property taxes are levied and collected by the County to pay the bonds. County Council approves the portion of the Library budget that will be funded with County property taxes. The Library meets the criteria set forth in generally accepted accounting principles for inclusion as a component unit with Richland County, South Carolina as the primary reporting entity based on the County's ability to significantly influence operations.

### Richland County Recreation Commission

The Richland County Recreation Commission, South Carolina, (the "Recreation Commission") was incorporated June 6, 1960 under the laws of the State of South Carolina by Act 873, as amended, for establishment of the Rural Recreation District in Richland County. The Commission provides physical education and recreation facilities for the citizens of Richland County, South Carolina (the "County"). Act #431 of 2006 of the laws of South Carolina provided that the authority of the governing body of the Commission to levy ad valorem property taxes upon all taxable property in the District for operating or capital purposes and to issue general obligation bonds or revenue bonds of the District is deleted, and provided that this authority was transferred to and rests solely with the Richland County Council. The Commission meets the criteria set forth in generally accepted accounting principles for inclusion as a component unit within the County as the primary reporting entity based on the County's ability to significantly influence operations.

Complete financial statements for Columbia Township Auditorium, Richland County Public Library System, and Richland County Recreation Commission may be obtained at their respective administrative offices.

### 1. Summary of Significant Accounting Policies (continued)

### **B.** Basis of Presentation

### Government-Wide and Fund Financial Statements

Government-Wide Financial Statements - The Government-Wide financial statements consists of a Statement of Net Assets and the Statement of Activities and reports information on all of the non-fiduciary activities of the government as a whole. Separate columns are used to distinguish between the County's governmental and business-type activities and discretely presented component units. Governmental activities are generally those activities financed by taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in Governmental Activities. Business-type activities are those activities which are financed in whole or in part by user fees charged to external parties for goods and services. These activities are usually reported in Enterprise Funds. The primary government is reported separately from certain legally separate component units.

The Statement of Net Assets reports all financial and capital resources of the County and reports the difference between assets and liabilities as "net assets" not fund balance or equity. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues and reflects the "net (expenses) revenue" of the County's individual functions before applying 'general' revenues.

Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole, and thus reduce the net cost of the function to be financed from the government's general revenues. They include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenues rather than as program revenues. All revenues are 'general' revenues unless they are required to be reported as program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment as identified in the County budget for governmental activities and include General Government, Public Safety, Public Works, Health and Social Services and Other. Other includes appropriated lump sum grants to agencies.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Government-Wide financial statements. The focus of governmental and proprietary fund financial statements is on 'major' funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with 'non-major' funds being aggregated and displayed in a single column displayed as "other".

The County reports its General Fund and Road Maintenance Special Revenue Fund as 'major' governmental funds. The County reports the following 'major' proprietary funds: Solid Waste, Water/Sewer, and Farmer's Market, and has elected to present disaggregated information for all Enterprise Funds.

A combining schedule of "other" non-major funds is presented separately as part of Other Financial Information. Because of the basis of accounting and reporting differences, summary reconciliations to the Government-Wide financial statements are presented at the end of each applicable fund financial statement.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### B. Basis of Presentation (continued)

A summary of fund financial statement types follows:

Governmental Fund Types

General Fund - The General Fund is the primary operating fund of the County and is used to account for all financial resources except those required to the accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally or donor restricted to expenditures for specified purposes. Special Revenue Funds consists of the following: Grants, Victims' Rights Assistance, Road Maintenance, Airport Operations, Tourism Development, Temporary Alcohol Permits, Emergency Telephone, Fire Services, Forfeiture, Stormwater Management, Conservation Commission, Neighborhood Redevelopment, Hospitality Tax, Accommodations Tax, and Other.

**Debt Service Funds** - Debt Service Funds account for the accumulation of financial resources for the payment of interest and principal on certain general long-term debt of the County, other than debt service payments financed by proprietary fund types. Debt Service Funds consists of the following: General, Siemens Bond, Richland County Administrative Building Corporation C.O.P., 2003 Series C Fire Refunding Protection Bonds, 1997 Series A Drainage Improvement Bonds, 2007A Hospitality Tax, and 2007B Hospitality Tax.

Capital Projects Funds – Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities and equipment (other than those financed by the proprietary funds). Capital Projects Funds consists of the following: Renovations and Refunding Program, Drainage Improvement Projects, Construction and Repair Fire Projects, Sheriff Vehicles and Other County Projects, Township, and Innovista.

Proprietary Fund Types

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Enterprise Funds consists of the following: Solid Waste, Water/Sewer, Parking, Marion St. - Development Corporation and Farmer's Market.

**Internal Service Fund** – Internal Service Fund is used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the County or to other governments, on a user charge basis. This fund includes Fleet Management which accounts for the maintenance and repair of vehicles.

Fiduciary Fund Types

Agency Funds - Agency Funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations and other governments. Agency Funds are custodial in nature (assets equal liabilities), do not involve measurement of results of operations, and consists primarily of property taxes and other revenues collected, temporarily retained and distributed by the County Treasurer to other governments in accordance with state of South Carolina Statutes.

### RICHLAND COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Under GASB #34, the Government-Wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. As a general rule, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met. Additionally, the effect of interfund activity has been eliminated from the Government-Wide financial statements, except for amounts due between the County's governmental activities and business-type activities.

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be identified and "available" means collectible within the current period or soon enough thereafter (generally not to exceed 60 days) to be used to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Those revenues susceptible to accrual are property taxes, charges for services, and hospitality fees. Revenues from state and federal grants are recorded when expenditures are incurred. Entitlements and shared revenues are recognized at the time of receipt or earlier if the susceptible to accrual criteria is met. Interest revenue is considered available when earned. Major revenues that are determined not to be susceptible to accrual because they are either not available soon enough to pay liabilities of the current period or are not objectively measurable include fees and fines (except hospitality fees), licenses and permits.

In the government-wide financial statements, and in the governmental fund types and the proprietary fund types in the fund financial statements, certain assets are recognized in connection with a transaction before the earnings process is complete. These assets are generally offset by a corresponding liability for deferred revenue, commonly referred to as unearned revenue. Deferred revenue in the government-wide statements and in the fund financial statements, governmental funds, is represented by various deposits on contracts. In the fund financial statements, governmental funds report certain assets that are not yet available to finance expenditures for the current fiscal period and are classified as deferred revenue commonly known as unavailable revenue. Unavailable revenue in the governmental funds is represented by loans receivable in the Grant fund.

All Proprietary Funds are accounted for on a flow of economic resources measurement focus. Under this method, the accrual basis of accounting is utilized, revenues are recognized when earned and expenses are recorded at the time liabilities are incurred. All assets and liabilities associated with the operation of these funds are included on the balance sheet. Proprietary Fund Type operating statements present increases (i.e., revenue) and decreases (i.e., expenses) in net assets by distinguishing operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

### NOTES TO FINANCIAL STATEMENTS

### - CONTINUED -

### 1. Summary of Significant Accounting Policies (continued)

### C. Measurement Focus and Basis of Accounting (continued)

All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

As permitted under GAAP, the County has elected not to apply Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989 for its Enterprise Funds.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the balance sheet date, and reported amounts of revenues and expenses during the reporting period. Estimates are used to determine depreciation expense, the allowance for doubtful accounts, and certain claims and judgment liabilities among other accounts. Actual results could differ from those estimates.

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses

### Cash, Cash Equivalents, and Equity in Pooled Cash

Cash includes currency on-hand, demand deposits with financial institutions and other accounts that have the general characteristics of demand deposits in that additional funds may be deposited any time and withdrawn without prior notice or penalty.

The County pools the cash of substantially all funds into an internal cash and investment pool that is available for use by all funds with the exception of where legal restrictions prohibit the commingling of funds. Allocation of interest earned is made to each fund based on pro rata equity. Each individual fund's portion of the pool is displayed on the combined balance sheet as "Equity in Pooled Cash". Certain departments within the County maintain separate cash accounts in addition to "pooled cash" held by the Treasurer.

The County's discretely presented component units, Township, Richland County Public Library, and Richland County Recreation Commission maintain separate cash and investment accounts, generally in the form of cash in the bank, certificates of deposit, and repurchase agreements.

For purposes of the Statement of Cash Flows for the Proprietary (Enterprise) Fund cash equivalents are deposit accounts (including restricted assets other than deposits with other agencies) with an original maturity of three months or less from date of purchase, and other short-term highly liquid investments that are readily convertible to known amounts of cash. Net changes in "cash and cash equivalents" represents changes in the "Equity in Pooled Cash" balances held by the respective Enterprise Funds plus funds held by others.

### Investments

Investments are stated at fair value, with accrued interest shown under a separate caption on the financial statements. Reinvested interest on certain debt service and capital projects investments is included in the investment accounts. At June 30, 2007, the fair value of the County's investments approximated cost.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expense (continued)

### Receivables and Allowance for Doubtful Accounts

Accounts receivable are stated net of their allowance for uncollectible amounts. Receivables in Governmental Funds include revenue accruals that are recognized when they become measurable and available as previously defined. Property taxes receivable represents delinquent and unpaid real and personal property taxes billings (five years for vehicle personal property taxes and ten years for all other property taxes), less an allowance for amounts estimated to be uncollectible.

### Due from Other Governments

Receivables from state, Federal, or other local governmental agencies are recorded as revenue for the period of the allocation or as earned based on expenditures made for which reimbursement is due.

### Inventories and Prepaid Items

Inventories are valued at lower of cost or market for using the first-in, first-out method the primary government and the discretely presented component units. Inventories in the General Fund consist of fuel and emergency medical supplies held for consumption. The cost of these supplies is regarded as an expenditure at the time the items are consumed. Inventories of the discretely presented component units consist of concession related goods held for resale.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Reported inventories and prepaid items (where applicable) in the Governmental Fund Types are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

### Interfund Receivables and Payables

Short-term loans or advances between funds are accounted for in the appropriate interfund receivable and payable accounts as due to/from funds. Transactions which constitute flows of cash or goods from one fund to another without the requirement for repayment are reported as interfund transfers. Additionally, reimbursements of a fund for expenditures or expenses initially made from that fund which are properly applicable to another fund are recorded as expenditure or expense (transfers out) in the reimbursing fund and as reductions of the expenditure or expense (transfers in) in the fund that is reimbursed.

### Real Estate Held For Resale

Real estate held for resale is recorded at the lower of cost, or its net realizable value. At June 30, 2007, the County maintained approximately 120 acres in industrial parks which was originally acquired in 1945, and approximately 30 acres held for development in the new State Farmer's Market.

### Restricted Assets

Restricted assets include monies or other resources, the use of which is restricted by legal or contractual requirements. In the Solid Waste Enterprise Fund, restricted assets arise from funding (if any) for future land fill closure and post-closure care costs. In the Water/Sewer Enterprise Fund, restricted assets consist of bond-related project and debt service accounts. Restricted assets of the discretely presented component unit, Richland County Public Library, represent funding for future equipment replacement and construction costs. Restricted assets of the discretely presented component unit, Richland County Recreation Commission, consist of debt service accounts.

### NOTES TO FINANCIAL STATEMENTS

### 1. Summary of Significant Accounting Policies (continued)

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expense (continued)

Capital Assets and Depreciation

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the Government-Wide financial statements. Capital assets used in the operations of governmental funds and are not specifically related to activities reported in proprietary or fiduciary funds have been reported as assets in the Governmental Activities column of the Government-Wide financial statement. Capital assets are defined by the County as those assets with an initial, individual cost of more than \$5,000 (\$5,000 for discretely presented component units) and an estimated useful life in excess of two years. All capital assets are valued at historical cost if purchased or constructed, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized. Public domain (infrastructure) capital assets (e.g., roads, bridges, sidewalks and other assets that are immovable and of value only to the government) have been capitalized using actual and estimated historical costs of major general infrastructure assets that were acquired or significantly reconstructed, or that received significant improvements in fiscal years ending after June 30, 1980. The County's discretely presented component units, fixed assets are stated at cost less accumulated depreciation.

Depreciation of all exhaustible capital assets has been provided using the straight-line method over the estimated useful lives of the respective assets ranging as follows: land improvements, 20-40 years; buildings and improvements, 15-30 years; vehicles, 5 years; furniture and fixtures, 3-10 years; machinery and heavy equipment, 5-10 years. In lieu of annual depreciation, the County has elected to use the "modified approach" for its infrastructure assets, which consists of reporting as Required Supplemental Information (RSI) the current assessed condition of the assets pursuant to it's "Pavement Management System" and the estimated annual amounts to maintain and preserve such assets along with actual amounts expensed during the period.

Capitalization of Interest

Interest incurred during the construction phase of Proprietary Fund fixed assets is reflected in the capitalized value of the asset being constructed, net of interest earned on the invested proceeds over the same period. With regard to assets acquired with tax-exempt debt, the amount of interest to be capitalized is calculated by offsetting interest expense on the tax-exempt debt with interest earned on invested proceeds from the date of the borrowing until completion of the project. With regard to assets not acquired with tax-exempt debt, the amount of interest to be capitalized is the product of the average accumulated expenditures during the year for such assets and the weighted average interest rate on borrowings and is limited to the sum of interest expense on the tax-exempt debt not previously capitalized and all other interest expense. Interest is not capitalized on assets acquired or constructed with gifts and grants (contributed capital) that are restricted by the donor or grantor to acquisition of those assets to the extent that funds are available from such grants and gifts. The County has not elected to capitalize interest on its general fixed assets. During the year ended June 30, 2007, the capitalized interest costs incurred for the Water/Sewer Enterprise Fund equaled \$102,017.

Deferred Charges (Bond Issuance Costs)

Bond issuance costs including bond premiums and discounts are deferred and amortized over the life of the related bond issue using the straight-line method. In the Fund financial statements, governmental fund types recognize bond premium and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as Other Financing Sources.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expense (continued)

Lease Accounting

Revenue from land or building space rentals or other leased sites is accounted for under the operating lease method. Leases are normally for periods of three to twenty years with options to renew; however, certain leases associated with economic development initiatives where long-term bonded debt was issued, cover the period or repayment of the indebtedness. Lease costs, if material, are deferred and amortized to expenses over the life of the lease. There were no material lease costs for the year ended June 30, 2007.

Compensation for Future Absences

Employees are permitted to accumulate earned but unused vacation benefits which will be paid to the employees upon separation from County service. Employees are entitled to accrue a maximum of 90 days sick leave and 45 days vacation. If the individual leaves the employ of the County, they are entitled to be paid for unused vacation and for 25% of unused sick leave if more than 20 days has accumulated and a two-week notice is given. In Government-Wide and Proprietary Fund financial statements, vacation pay is accrued when incurred and reported as a current and long-term liability. In Governmental Fund Types, the portion of these benefits maturing that normally would be liquidated with expendable available resources is recognized as a current liability and expenditure in the General Fund. The remainder of benefits applicable to Governmental Fund Types have been recorded as non-current in the Statement of Net Assets for Governmental Activities. See *Note 8* for current and non-current portion of the liability.

Long-term Obligations

In the Government-Wide financial statements and the Proprietary Fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Assets. Long-term debt represents unmatured principal of general and special assessment and revenue bond indebtedness. Other long-term obligations represent outstanding net present value portions due on capital lease obligations, long-term contracts using actual or inputted interest rates and long-term portions of claims or judgments. Liabilities arising from interfund activities do not constitute general long-term liabilities.

Net Assets and Fund Balances

In the Government-Wide financial statements, the difference between the County's total assets and total liabilities represents net assets. Net assets for both the governmental and proprietary fund types displays three components – invested in capital assets, net of related debt; restricted (distinguished between major categories of restrictions); and unrestricted. Unrestricted net assets represent the net assets available for future operations.

In the Fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. Designated fund balances represent tentative plans by management for future use of available financial resources.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expense (continued)

### Non-exchange Transactions, Contributed Capital and Transfers

Pursuant to GASB Statement No. 33 Accounting and Financial Reporting for Non-Exchange Transactions, deeded properties and federal, state and local government assistance in the form of non-operating grants that are permanent in nature and restricted for the construction or acquisition of specific property and equipment have been recorded as non-operating revenue.

### Future Landfill Closure and Post-closure Care Costs

In accordance, with GASB Statement No. 18, Accounting For Municipal Solid Waste Landfill Closure and Post-closure Care Costs, the County recognizes expenses for landfill closure and post-closure care costs over the life of the landfill's operation in proportion to the usage of the landfill's total capacity. Federal and state regulations related to landfill closure procedures are comprehensive and require post-closure care and monitoring for a period extending thirty (30) years after closure.

### Property Taxes

The County assesses and levies property taxes in accordance with applicable laws of the State of South Carolina. Real property and personal property owned and used in the County, except that which is exempt from taxation under the Constitution and Laws of the State, is subject to taxation. An annual ordinance establishing the millage rate associated with the levy is adopted each year as a part of the budget process.

Real property and all personal property other than vehicles are assessed for property tax purposes as of December 31 of each year. The basis for value of taxable real property within the County is taken from the records of the County Assessor. Taxes are levied by the County Auditor as of January 1, billed in October, and are due by January 15 in the year following their levy. Tax billings are considered delinquent 170 days after the first billing date, at which time the applicable property is subject to lien, and interest and penalties are assessed.

Penalties are added to the taxes depending on the date paid as follows:

January 15 through February 1 3% of tax
February 2 through March 18 10% of tax
March 19 and thereafter 15% of tax plus collection cost

New vehicle property taxes are assessed and levied by the County Auditor within 120 days of the registration date of the vehicle and payment is due upon receipt of the property tax notice. Other vehicle property taxes are assessed and levied in the month the vehicle is scheduled for license renewal with the South Carolina Department of Transportation and payment is due before the end of the month of the scheduled renewal.

County property tax revenues are recognized at the time of levy for the budget period to which they apply. Delinquent and unpaid property taxes are reported as receivables, less amounts estimated to be uncollectible. The County also bills and collects property taxes for special purpose districts, school districts and municipalities. Such amounts are reported as Agency Funds.

The County also passed an ordinance devoting all proceeds received from the State in the Local Option Sales Tax program to reduce property taxes (see Note 22).

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 1. Summary of Significant Accounting Policies (continued)

### D. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expense (continued)

### Program and General Revenue

The County charges public fees for building permits, inspections, marriage licenses, document filing fees, ambulance (EMS) services, and other program-related services. These fees as well as fines for traffic violations and grant revenues are recorded as program revenue in the Statement of Activities. General revenue reported by the County include property taxes, fees-in-lieu of taxes, hospitality taxes, state-shared revenue, business licenses and other government imposed, non-exchange fees not specific to a particular program (e.g. business licenses and franchise fees, which are general revenue taxes in lieu of program specific fees).

### E. Comparative Data and Reclassifications

Comparative data for the prior year have been presented in selected sections of the accompanying financial statements and other financial information in order to provide an understanding of changes in the County's financial position and operations. Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

### 2. Stewardship, Compliance and Accountability

### A. Budgets and Budgetary Accounting

The County Council adopts an annual budget for General Fund revenue and expenditures prior to the beginning of each fiscal year. The adopted budget specifies expenditure limits appropriated to each County department. Departmental expenditures may not exceed amounts appropriated without the approval of County Council. Budget amounts reflected in accompanying financial statements represent the adopted budget and the final budget as amended. The adopted budget is the initial funding level appropriated by Council, and the amended budget includes any revisions approved by Council during the fiscal year. The County Administrator may approve any line item transfer within operating departments; however County Council is required to approve any change in departmental funding level including any transfer of funds between departments. Budgets are adopted on a basis materially consistent with generally accepted accounting principles (GAAP). Operating budgets are prepared for all funds except for Debt Service funds.

### B. Encumbrances

Under encumbrance accounting, outstanding purchase orders, contracts, and other commitments for unperformed contracts and goods and services at year end are recorded in order to reserve that portion of the applicable appropriation in the Governmental Fund Types. At year end all purchase orders lapse, except for any funds budgeted for capital which have not been completed and said funds have not been budgeted to other capital projects, other County Council road improvement and grant funds which have not been expended, funds for capital items authorized by purchase order but not received, and accommodations tax funds approved by the Accommodations Tax Committee and County Council which have not been expended. Such encumbered amounts are carried forward and are reported as reservations of fund balances. Certain encumbrances will be satisfied by the carry over of fund balances, or subsequent receipt of grants or entitlements.

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 2. Stewardship, Compliance and Accountability (continued)

### C. Deficit Budgets and Fund Balances

For the year ended June 30, 2007, the County operated under the following amended budgets: General Fund - \$120.8 million; Special Revenue Funds - \$60.0 million; Capital Projects Funds - \$15.4 million; and Enterprise Funds - \$28.0 million. For the more significant funds, budgeted expenditures and other financing uses exceeded estimated revenues and other financing sources for the General Fund by \$4.2 millions; Grants Special Revenue Fund by \$18.0 million; Victim's Rights Special Revenue Fund by \$34,451; Road Maintenance Special Revenue Fund by \$279,134; Emergency Telephone Special Revenue Fund by \$540,797; Fire Service Special Revenue Fund by \$3.6 million; Stormwater Management Special Revenue Fund by \$1.1 million; Hospitality Tax Special Revenue Fund \$147,955; Conservation Commission Special Revenue Fund by \$464,944; Neighborhood Redevelopment Special Revenue Fund by \$398,374; Drainage Improvement Projects Capital Projects Fund by \$150,147; Construction and Repair Fire Projects Capital Projects Fund by \$3.5 million; Sheriff Vehicles and Other Projects Capital Projects Fund by \$4.9 million; and Renovations and Refunding Program Capital Projects Fund by \$6.8 million. These budget deficits were funded (if necessary) by unreserved and applicable reserved fund balances, and/or additional unbudgeted revenue.

At June 30, 2007, actual deficit fund balances resulted in the following: Grants Special Revenue Fund by \$466,242; Forfeiture Special Revenue Fund by \$47,592; and Farmers Market Enterprize Fund by \$3.2 million. For Grants Special Revenue Fund, this amount is expected to be resolved with other County resources in the subsequent fiscal year. For Forfeiture Special Revenue Fund, this amount is expected to be resolved with additional forfeitures collected in the subsequent year.

### 3. Deposits and Investments

### Deposits

Custodial credit risk of deposits is the risk that, in the event of a bank failure, the County's (and discretely presented component units) deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. At June 30, 2007, the carrying amount of the County's cash deposits with financial institutions was \$58,575,008 and the financial institution's balances totaled \$63,448,325. Of this balance, approximately \$400,000 was covered by federal depository insurance and the remaining balance was covered by collateral held by the financial institutions' trust departments in the County's name. At June 30, 2007, the County's deposits were not materially exposed to custodial credit risk.

### Investments

Custodial credit risk of investments is the risk that, in the event of a bank failure or the failure of counterparty, the County will not be able to recover the value of its investments. The County does not have an investment policy for custodial credit risk. At June 30, 2007, the County had the following investment types:

|    | – (amounts she | own in thousands)   |
|----|----------------|---|
| F: | air Value      | Maturity  |

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 3. Deposits and Investments (continued)

Investment balances were covered by collateral held by the financial institutions' trust departments in the County's name. At June 30, 2007, the County's investments were not materially exposed to custodial credit risk.

Interest Rate Risk - The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State statute authorizes the County to invest in obligations of the United States and agencies thereof; general obligations of the State of South Carolina or any of its political units provided such obligations are rated as an "A" or better by Moody's Investors Service, Inc. and Standard and Poor's Corporation or their respective successors; interest bearing accounts in savings and loan associations to the extent that the same are insured by an agency of the Federal government; certificates of deposit where the certificates are collaterally secured by securities of the type described above, held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest, provided, however, such collateral shall not be required to the extent the same are insured by an agency of the United States Government; or deposit accounts with banking institutions insured and secured in the same manner. The statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash. Statutes also allow the State Treasurer to assist local governments in investing funds. The State Treasurer also provides oversight for the State Treasurer's Investment Pool which is unrated, of which, the fair value of the County's investments is the same as the value of the pooled shares. The County is under no contractual agreements which restrict investment alternatives. The County has no investment policy that would further limit its investment choices.

Concentration of Credit Risk - The County places no limit on the amount it may invest in any one issuer. More than 5 percent of the County's investments are in repurchase agreements and certificates of deposit. The concentrations of these investments are 33% and 10%, respectively, of the County's total investments.

A reconciliation of deposits and investments to cash and cash equivalents shown on the Government-wide and Fiduciary financial statements at June 30, 2007 are as follows:

|   |    |                          |          |                              | ame | ounts shown              | in i | thousands   | )  |                   |      |                       |

Property taxes receivable includes delinquent and unpaid taxes, penalties and interest, if applicable, and is reported in the accompanying financial statements of the primary government net of that portion not available for current year budget appropriations as levied.

Accounts receivable represent amounts owed the County from Solid Waste and Water/Sewer Enterprise Fund customers, plus amounts owed to the County relating to EMS (emergency medical transportation/ambulance services).

The allowance for uncollectibles for accounts and other receivables include estimated amounts for doubtful accounts associated with EMS, Solid Waste, and Water/Sewer customers.

Receivables at June 30, 2007 for the discretely presented component unit Richland County Public Library totaled \$876,342 and include amounts for property taxes, library fines, and interest.

Receivables at June 30, 2007 for the discretely presented component unit Richland County Recreation Commission totaled \$687,777 for property taxes.

Receivables at June 30, 2007 for the discretely presented component unit Columbia Township Auditorium totaled \$30,664 for ticket sales, rentals and commissions.

### NOTES TO FINANCIAL STATEMENTS

### 5. Interfund Receivables and Payables

In the Government-Wide Statement of Net Assets, interfund receivables and payables of Governmental Funds have been eliminated. The Governmental Activities and Business-type Activities of short-term interfund receivables and payables at June 30, 2007 were as follows:

|   | nterfund<br>eceivable | _  | nterfund<br>Payable |
|---|-----------------------|----|---------------------|
| Governmental Activities: General Fund Special Revenue Fund: | \$<br>205,315         | \$ |                     |
| Forfeiture  | <br>                  |    | 205,315             |
| Total   | \$<br>205,315         | \$ | 205,315             |

Additionally, interfund transfers (in/out) were used to move resources to/from other funds in accordance with budgetary authorizations, or other requirements, and was composed of amounts to/from the General Fund; Special Revenue Funds – Grants, Victim's Rights, Airport Operations, Emergency (911) Telephone, Fire Services, Forfeiture, Hospitality Taxes; Capital Projects Funds – Renovations and Refunding, Sheriff Vehicles and Other Projects; Enterprise Funds – Marion St. Development Corporation and Farmer's Market.

### 6. Due From/To Other Governments

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 8. Long-Term Debt

Long-term debt for the primary government at June 30, 2007 is comprised of general obligations bonds, special assessment and special source revenue debt, and other long-term liabilities of capital leases, notes payable, certificates of participation, and accumulated compensated absences liability.

General Obligation (G.O.) bonds are issued to provide funds for the acquisition and construction of major capital facilities and equipment reported in both governmental and business type activities. G.O. bonds are direct obligations and pledge the full faith, credit and taxing power of the County. The South Carolina Constitution limits local government units borrowing power to eight percent (8%) of its assessed property values. The limitation excludes bonded indebtedness existing prior to December 1, 1997 (date of the Constitutional Amendment), certain special levies assessed on properties located in specific areas receiving special benefits, and other prescribed indebtedness approved by the voters through referendums.

Special Assessment and Source Revenue bonds are issued to provide funds for the acquisition and construction of major capital facilities and equipment and are secured by the pledge of special tax/source revenues of the County. Special Assessment and Special Source Revenue Bonds are limited obligations of the County and do not constitute the general obligations, or pledge of the faith, credit or taxing power of the County or any other political subdivision.

### New Bond Debt

During the fiscal year, the County issued \$3,545,000 General Obligation Bonds, Series 2007A, to provide funds for the acquisition of FY 2006 and FY 2007 motor vehicles for its fleet, which has been accounted for in Capital Projects Funds.

The County issued \$16,970,000 Broad River Sewer System General Obligation Bonds, Series 2007B to help defray the cost of acquisition and construction of improvement to its sewer system. The bonds have been accounted for in the Water/Sewer Enterprise Fund.

### **New Bond Anticipation Note**

During the fiscal year, the County issued \$3,760,000 Bond Anticipation Note, Series 2006A, to help defray costs of its participation in an intergovernmental agreement between the University of South Carolina and the City of Columbia for the Innovista Garage A. The County also issued \$2,840,000 Taxable Anticipation Note, Series 2006AB to help defray costs of its participation in an intergovernmental agreement between the University of South Carolina and the City of Columbia for the Innovista Garage B.

### New Special Obligation Loan

During the fiscal year, the County borrowed \$25,765,000 from a commercial bank secured by a pledge of Hospitality Tax Revenue subject to the terms on an agreement dated April 30, 2007. The loan was issued in two series 2007A and 2007B which bear interest at 4.32% and are payable in semi annual interest and annual principal installments of \$176,418 to \$1,261,676 with the final payments due April 15, 2027. The loans were acquired to help defray the costs of certain capital improvements for both the County's governmental and enterprise activities.

The County has an agreement with the South Carolina Department of Transportation (SCDOT) dated December 13, 1978, to pay \$50,000 a year, with zero interest, until the \$1,697,810 County portion of the Columbia Area Thoroughfare Plan right-of-way acquisition program is paid. The unpaid balance at June 30, 2007 totaled \$287,810. An amount of imputed interest has been computed at five percent (5%) for the year ended June 30, 2007

The County has a 15 year note payable of \$2,000,000 to the City of Columbia dated September 7, 1994 with interest at 8.5% per annum for the purchase of land to be used for economic incentive. The note is scheduled to be paid in full with fees-in-lieu-taxes received by the County from the new corporate owner of the land. The unpaid balance at June 30, 2007 totaled \$347,899.

### RICHLAND COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 8. Long-Term Debt (continued)

### A. Governmental Activities Debt (continued)

The County's Administrative Building Corporation (now known as Richland County Development Corporation) issued \$4,780,000 in Certificates of Participation (COP's) dated June 1, 1994 with interest ranging from 3.5% - 5.75% to finance the acquisition of a building and certain fixtures and equipment. The unpaid balance at June 30, 2007 totaled \$870,000.

Additionally, the County maintains certain capital lease obligations (see Note 9).

### B. Business-type Activities Debt

General Obligation bonds of the County's Business-type Activities at June 30, 2007 are as follows:

Discretely Presented Component Unit Debt:

For the Recreation Commission, property taxes are pledged to secure the outstanding balance of the general obligation bonds and must be levied by the Richland County Auditor in an amount sufficient to pay the principal and interest due each year. Annual requirements to amortize the Recreation Commission's general obligation bonds as of June 30, 2007, are as follows:

|                               | Principal       |    | Interest     |     | Total        |

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 8. Long-Term Debt (continued)

### D. Other Political Subdivisions (Overlapping Debt)

Various governing bodies within Richland County have issued bonds for educational and other purposes. The full faith and taxing power of each individual district is pledged to secure the outstanding debt of the district and accordingly, these amounts are not reported by the County in these financial statements. The Treasurer of Richland County collects taxes levied on property of each district for the purpose of paying the debt as it matures. The bonds mature serially and are subject to early redemption in accordance with the terms and conditions of each applicable bond agreements.

Outstanding bonds payable from the various debt service funds maintained by the County Treasurer at June 30, 2007 are as follows:

| For Piell and a Paris of the Control   | Balance<br>June 30, 2007      |
|--|-------------------------------|
| East Richland County Public Sewer Commission General Obligation Sewage Disposal Bonds State Revolving Fund | \$ 13,082,500                 |
| Riverbanks Park Commission General Obligation<br>Bonds   | 14,520,000                    |
| School District Number 1 School Building Bonds   | 451,840,000                   |
| School District Number 2 School Building Bonds Total other political subdivisions                          | 260,815,000<br>\$ 740,257,500 |

The County boundaries also include an additional \$48,725,000 overlapping debt of other political subdivisions (City of Columbia and Lexington School District 5) not administered by the County Treasurer. The extent of overlap ranges from 35% to 100%. The Treasurers of both Richland and Lexington Counties collect taxes levied on all taxable property within the Counties for the purpose of retiring the debt of the Riverbanks Park Commission as it matures. All taxes collected by the Treasurer of Lexington County are remitted to the Treasurer of Richland County, who in turn, remits the appropriate amounts to the paying agent.

#### NOTES TO FINANCIAL STATEMENTS

### 9. Capital and Operating Leases

There were no material operating lease expenditures (expenses) for the year ended June 30, 2007.

### A. Capital Lease Obligations

A capital lease is an agreement which specifies a transfer of benefits and risk of ownership to the lessee. At June 30, 2007, the County maintained leases for its network equipment and ambulances in Governmental Activities. For the Discretely Presented Component Unit – Recreation Commission, installment purchase contracts, in the form of capital leases (reported as "other liabilities"), are for various equipment. The future minimum lease payments are as follows:

|                                       | I  | Primary . | Component Unit<br>Recreation Commission |           |  |  |

| Less, current portion                 |    | (34,036)  |   | (272,269) |  |  |
| Total non-current portion             | \$ |           | \$                                      | 193,878   |  |  |

### B. Operating Lease Agreements – Lessor

Richland County derives a portion of its General, Special Revenue and Development Corporation Enterprise Fund revenue from leases of real property and facilities, primarily from its Hospital, Airport, its Northeast Industrial Park, and Marion Street properties. Additionally, Richland County maintains agreements with businesses in the community and leases real property for nominal amounts in association with issuances of conduit debt and fees-in-lieu of tax arrangements (see Note 10).

### **Hospital Lease Agreement**

Richland County and the Board of Trustees of the Richland Memorial Hospital entered into a lease agreement, dated February 9, 1998 (as amended on April 22, 2003) with Palmetto Health Alliance f/k/a BR Health System, Inc., (collectively referred to herein as "Palmetto"); whereby all real and personal property of the former Richland Memorial Hospital held by the County and the Board of Trustees including existing improvements located thereon, any easements, right-of-ways, and other similar rights of way are leased to Palmetto for an initial period of 35 years, ending December 31, 2032. The lease can automatically be extended for a period of five (5) years contemporaneously with the fifth (5th), the tenth (10th) and the (15th) anniversary date of the lease.

Base annual rents require an 'in advance' annual amount of \$250,000 plus the direct cost of directors and officers liability insurance coverage to the Board of Trustees. Additionally, Palmetto pays the County annually \$1,693,000, plus an amount equal to the County's annual assessment for the Medically Indigent Assistance program (MIAP) as determined by the State of South Carolina, plus \$150,000 for community-based primary care clinics and programs as determined by County Council. Additionally, Palmetto assumes and bears all costs associated with health care services to indigent patients of the County during the term of the lease.

At June 30, 2007, the carrying value of capital assets for the Hospital equaled \$66 million (historical costs of \$112 million, less accumulated depreciation of \$46 million).

### NOTES TO FINANCIAL STATEMENTS

### 9. Capital and Operating Leases (continued)

### B. Operating Lease Agreements - Lessor (continued)

Airport Lease Agreement

The County entered into a new 20-year lease and use with a third-party fixed based operator (FBO) to manage and operate the County's Owens Field Airport (general aviation). The County, as lessor, leases all facilities and improvements connected with or appurtenant to the Airport, including the use of landing areas, runways, taxiways, navigational aids, terminal facilities, aircraft parking areas, maintenance hangers, fuel farm, wash rack, and public parking areas. The lease agreement calls for monthly payments of five cents (\$.05) per gallon of fuel sales, plus two percent (2%) of gross sales income from all "commercial aviation activities", excluding the sale of aircraft, fuel and maintenance (parts and labor). The lease is scheduled to expire on June 30, 2024, with one five-year renewal option.

At June 30, 2007, the carrying value of capital assets for the Airport equaled \$5.6 million (historical costs of \$10.6 million, less accumulated depreciation of \$5.0 million).

### 10. Conduit Debt and FILOT Arrangements

From time to time, the County issues Industrial Development Revenue Bonds (IRB's) to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest.

The bonds are generally for a period of twenty (20) years, are secured by the property financed, and are payable solely from the payments received on the underlying mortgage notes or lease arrangements. Pursuant to County Council ordinances and certain lease agreements, the County shall own legal title to the real property and facilities during the term of the lease and debt service of the bonds shall be payable solely out of lease payments made by the business.

Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities, nor are the deeded (leased) assets in the accompanying County financial statements.

At June 30, 2007, there were approximately 60 outstanding arrangements where IRB's have been issued by the County with the initial aggregate amount of bonds exceeding \$3.0 billion. The remaining aggregate principal amounts payable at June 30, 2007 is approximately \$2.9 billion.

# RICHLAND COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 10. Conduit Debt and FILOT Arrangements (continued)

Additionally, Richland County has entered into various incentive arrangements with developing businesses in the community whereby the County agrees for the business to pay an annual amount of fees-in-lieu of ad valorem property taxes (FILOT) during a period not exceeding twenty (20) years. Pursuant to County Council ordinances and certain agreements, the County shall own legal title to the real and personal property. At the expiration of the agreement, the County agrees to convey title of the property to the business. Accordingly, assets held by the County in FILOT arrangements are not recorded in the accompanying financial statements.

The County is also a party to a Multi-County Industrial Park arrangement where collections of certain fees-in-lieu-of property taxes are shared on a predetermined prorata basis with adjourning counties.

### 11. Landfill Closure and Post-Closure Care Costs

Richland County Municipal Solid Waste Landfill stopped accepting solid waste on October 2, 1995. State and federal laws require the County to place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The County has received notification from the South Carolina Department of Health and Environmental Control (SCDHEC) that the facility is officially in post-closure effective August 9, 2005.

In addition to operating expenses related to current activities of the landfill, an expense provision and related liability have been recognized in the Solid Waste Enterprise Fund based on the post-closure care costs that will be incurred after the date the landfill has been moved to post-closure. In 2007, the County updated the engineering study, and the liability balance equaled \$2,156,786 at June 30, 2007. However, the actual costs of closure and post-closure may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

Subsequent to year end the County plans to begin accepting waste in a new 1.7 million cubic yard cell with an estimated closure cost of \$1.2 million.

### 14. Employee Benefit Plans

### A. South Carolina Retirement and Police Officer's Retirement Systems

All County employees, except for police department personnel, participate in the South Carolina Retirement System (SCRS), a cost-sharing, multiple-employer, defined benefit pension, public employee retirement system. County police officers participate in the South Carolina Police Officer's Retirement System (SCPORS), a cost-sharing, multiple-employer, defined benefit pension, public employee retirement system. The plan is administered by the Retirement Division of the State Budget and Control Board. Generally all employees are required to participate in and contribute to the System as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws. The County's total payroll for the year ended June 30, 2007, was approximately \$63.6 million, of which \$32.2 million and \$30.2 million were for employees covered by the SCRS and the SCPORS, respectively. The total payroll for the year ended June 30, 2006, was approximately \$63.5 million of which \$32.2 million and \$30.2 million were for employees covered by the SCRS and the SCPORS, respectively. The total payroll for the year ended June 30, 2005, was approximately \$56.2 million of which \$26.4 million and \$25.3 million were for employees covered by the SCRS and the SCPORS, respectively.

Both the SCRS and the SCPORS offer retirement and disability benefits, cost of living adjustments on an ad-hoc basis, life insurance benefits and survivor benefits. The Plans' provisions are established under Title 9 of the South Carolina Code of law. Both employees and the County are required to contribute to the Plans at rates established under authority of Title 9 of the South Carolina Code of Laws. The County's contributions are actuarially determined, but are communicated to and paid by the County as a percentage of the employee's annual earnings.

The County's required contributions to the SCRS for employer and employee portions for the years ended June 30, 2007, expressed as a dollar amount and as a percentage of covered payroll in 2007 were \$2,492,788 and 8.05% and \$2,018,456 and 6.5%, respectively, and the contributions to the SCPORS for the employer and employee portions were \$3,114,874 and 10.3% and \$1,965,700 and 6.5%, respectively. The County's required contributions to the SCRS for employer and employee portions for the years ended June 30, 2006 expressed as a dollar amount and as a percentage of covered payroll in 2006 were \$2,432,190 and 7.55% and \$1,999,589 and 6.25%, respectively, and the contributions to the SCPORS for the employer and employee portions were \$3,111,136 and 10.3% and \$1,959,128 and 6.5%, respectively. The County's required contributions to the SCRS for employer and employee portions for the years ended June 30, 2005, expressed as a dollar amount and as a percentage of covered payroll in 2005 were \$1,927,392 and 6.7% and \$1,585,088 and 6.0%, respectively, and the contributions to the SCPORS for the employer and employee portions were \$2,730,804 and 10.3% and \$1,678,766 and 6.5%, respectively.

In addition to the above rates, the County's 2007 required contributions to the SCRS to provide a group life insurance benefit for their participants expressed as a dollar amount and as a percentage of covered payroll were approximately \$48,293 and 0.15% of annual earnings, and the contributions to the SCPORS to provide a group life insurance benefit and an accidental death benefit for their participants expressed as a dollar amount and as a percentage of covered payroll were approximately \$120,966 and 0.2% on each group life and accidental death or total of .4%.

Substantially all employees of the Richland County Public Library are also members of SCRS. Employer and employee contributions expressed as a percentage of covered payroll are 8.05% and 6.5%, respectively. The contribution requirements of plan members and the Richland County Public Library are established and may be amended by the SCRS.

#### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 14. Employee Benefit Plans (continued)

### A. South Carolina Retirement and Police Officer's Retirement Systems (continued)

The Richland County Public Library's actual contributions to the SCRS for the years ending June 30, 2007, 2006, and 2005, were \$658,658, \$591,745 and \$504,397, respectively, and equaled the required contributions of 8.05% for 2007 and 7.55% for 2006-2005. Also, the Library paid employer group life insurance contributions of \$12,389 and \$11,714 for the years ended June 30, 2007 and 2006, respectively, at a rate of .15% of compensation.

Substantially all employees of the Richland County Recreation Commission are also members of SCRS. Employer and employee contributions expressed as a percentage of covered payroll are 8.05% and 6.5%, respectively. The contribution requirements of plan members and the Richland County Recreation Commission are established ad may be amended by the SCRS. The Richland County Recreation Commission actual contributions to the SCRS for the years ended June 30, 2007, 2006 and 2005, were \$363,578, \$252,722, and \$252,722, respectively. Also, the Richland County Recreation Commission paid employer group-life insurance contributions at the rate of -0.15 percent of compensation for the years ended June 30, 2007 and 2006.

A comprehensive annual financial report containing financial statements and required supplementary information for the SCRS and SCPORS is issued and publicly available by writing the South Carolina Retirement System, P. 0. Box 11960, Columbia, South Carolina 29211-1960.

### B. Post-Employment Benefits

In addition to providing pension benefits, the County provides certain post-employment health care benefits for retired employees as per the requirements of a local ordinance. All of the County's employees may become eligible when they are eligible to draw benefits from SCRS or SCPORS system. The cost of these benefits is recognized as an expenditure of the General Fund on a pay-as-you-go basis as provided for in the annual budget ordinance. These benefits will cease if funds are not available for appropriation. For fiscal year 2007, these costs totaled \$2,071,900. As of year end, there were 437 employees that were receiving benefits.

Richland County Public Library employees are eligible to receive post-retirement health benefits if upon retirement they immediately begin drawing South Carolina retirement pay. When the retiree reaches age 65, this coverage becomes secondary to Medicare. Payment of these benefits is unfunded and on a pay-as-you-go basis. During the years ended June 30, 2007 and 2006, the Library paid \$73,562 and \$51,721, respectively, in post-retirement benefits, covering twelve people.

#### C. Deferred Compensation Plan

The County offers to its employees a deferred compensation plan created in accordance with the Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The Small Business Job Protection Act of 1996 (the Act) eliminated the requirement that Section 457 plan assets legally remain the assets of the sponsoring government. The Act now requires that amounts deferred under a Section 457 plan be held in trust for the exclusive benefit of participating employees and not be accessible by the government or its creditors. Accordingly, the amount held by the South Carolina Deferred Compensation Program on behalf of the County and its participants are not reported in the County's financial statements.

# RICHLAND COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 15. Segment Information

The County has elected to present disaggregated information regarding all Enterprise Funds in the Proprietary Fund financial statements – Statement of Net Assets, Statement of Revenue, Expenses and Changes in Net Assets, and Statement of Cash Flows.

Disaggregated information of the component units is also presented in the basic financial statements.

### 16. Intergovernmental Agreements

The County has entered into various agreements with the City of Columbia, South Carolina (the "City") regarding Fire Services, emergency 911 services, tax increment financing (TIF) district, purchases and sale of land, sewer systems, and renovations of the Columbia Township Auditorium (a discretely presented component unit). Additionally, the County is a party along with the City regarding regional transportation, a multipurpose convention/conference facility, and the Innovista project with a local university.

<u>Fire Services</u> – The County entered into an agreement with the City for the City to provide fire protection services to the unincorporated areas of the County. The County imposes a special Fire Service property tax, purchases fire-related equipment, and pays the City for fire personnel costs of servicing the unincorporated areas of the County. Additionally, the City imposes a Fire Service fee that is charged City water customers in the unincorporated areas of the County.

Emergency 911 – The County provides emergency 911 services throughout Richland County, and pursuant to an agreement with the City, the County provides the services to residents of the City. The County collects a 911 emergency fee from telephone utility enterprises in the community. In consideration of providing the services, the City remits its collections of the fees to the County.

<u>Central Midlands Regional Transit</u> - In October 2006 the County entered into an agreement with the Central Midlands Regional Transportation Authority to provide interim funding for the FY 2007 fiscal year. The County has agreed to fund certain operational costs necessary to provide a viable public transportation system or service in Richland County. The funding has been authorized to come from the continuation of the mass transit fee that is assessed on all motor vehicles in the County.

<u>University of South Carolina and the City of Columbia</u> - The County has entered into an agreement with the City of Columbia and the University of South Carolina to financially support 50% of the construction of a parking garage and plaza in conjunction with the development of a research campus by the University of South Carolina. The agreement will benefit the County through the creation of jobs, development of knowledge-based economy, and the attraction of capital investments. As stated in the agreement, in consideration for that benefit the County's contribution will not exceed \$7.7 million.

<u>Township Auditorium</u> – The County and the City have entered into an agreement whereby costs of certain improvements to the facilities are shared by the two governments.

<u>Note Payable</u> – The County has issued a \$2 million promissory note payable to the City for the purchase of land for economic development. The note is to be paid from fees-in-lieu of taxes received by the County from the private-sector business.

<u>Town of Eastover</u> – The County has an agreement with the Town of Eastover whereby the County will provide certain upgrades and improvements to the regional wastewater treatment facility.

### NOTES TO FINANCIAL STATEMENTS

### --- CONTINUED ---

### 17. Intergovernmental Agreements - Convention Center/Tourism Development Fees

The Midlands Regional Convention Center is a joint undertaking and development by Richland County, Lexington County, and the City of Columbia (collectively the Government Entities) for the development and operation of a multipurpose convention/ conference facility in Columbia, South Carolina.

Pursuant to Ordinance #96-096HR, Richland County established a three percent (3%) Tourism Development Fee to be levied on all businesses providing transient accommodations in the unincorporated areas of Richland County. Pursuant to an Intergovernmental Agreement dated January 1, 2002, such fees (less all operational and administrative costs associated with billing and collections thereof) are being distributed to the City of Columbia and deposited into special accounts to defray a portion of the costs of construction, furnishing and equipping a new multipurpose convention/ conference center and on-site parking facilities which is being financed through the issuance of Columbia Public Facility Corporation, Certificates of Participation, Series 2002.

Pursuant to agreements, Richland County is a member of the Midlands Regional Convention Center Authority (a South Carolina nonprofit corporation), but has no undivided interest in the Convention Center and has no liability or obligation directly for the Certificates of Participation except to remit its Tourism Development Fees for the next twenty (20) years, ending December 31, 2022.

### 18. Commitments and Contingencies

#### Litigation

The County is party to various other legal proceedings that normally occur in governmental operations. County officials believe the legal proceedings are not likely to have a material adverse effect on the County's financial position.

### Federal and State Assisted Programs

In the normal course of operations, the County participates and receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds. Such audits could result in the possible liability for reimbursement or refund of grant monies to the grantor agencies. However, the County's management believes that any liability for reimbursement which may arise as the result of such audits would not be material to the financial position of the County.

### **Commitments**

The County has committed to construct a 6.0 MGD upgrade to its Broad River Road Wastewater Treatment Plant (BRRWWTP) with an estimated cost of \$65.0 million.

### NOTES TO FINANCIAL STATEMENTS

### --- CONTINUED ---

### 19. Risk Management

The County is exposed to losses from property perils, accidents, illness, and negligence for which the County has insurance. The County self insures the worker's compensation and liability programs. The County funds the costs by charging premiums to user departments. The stop-loss provision for Worker's Compensation is \$300,000, and excess insurance is obtained through the South Carolina Counties Workers Compensation Trust.

The County also self insures its general and auto liability.

The County establishes claim liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on coverage involved. Estimated amounts of excess insurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability. Adjustments to claims liabilities are charged and credited to expense in the period in which they are made.

For the year ended June 30, 2007, outstanding claims and claims incurred but not reported approximated \$6.3 million. The current portion totaled approximately \$2.5 million at June 30, 2007. Changes in the aggregate liability were as follows:

| Fiscal Year | _  | Beginning<br>Liability | _  | Current Year Claims<br>and Changes in<br>Estimates | <br>Claims<br>Payments | <br>Ending<br>Liability |
|-------------|----|------------------------|----|--|------------------------|-------------------------|
| 2001        | \$ | 1,478,679              | \$ | 1,556,660  | \$<br>(1,825,401)      | \$<br>1,209,938         |
| 2002        |    | 1,209,938              |    | 3,169,438  | (638,189)              | 3,741,187               |
| 2003        |    | 3,741,187              |    | 1,708,905  | (1,457,258)            | 3,992,834               |
| 2004        |    | 3,992,834              |    | 1,513,703  | (342,980)              | 5,163,557               |
| 2005        |    | 5,163,557              |    | 1,057,320  | (981,836)              | 5,239,041               |
| 2006        |    | 5,239,041              |    | 1,244,804  | (1,623,992)            | 4,859,853               |
| 2007        |    | 4,859,853              |    | 2,524,537  | (1,043,323)            | 6,341,067               |

The County continues to carry commercial insurance for all other risks of loss. The County has had no significant reductions in insurance coverage during the year and settlements have not exceeded insurance coverage for each of the past three fiscal years.

## 20. Reconciliation of Government-Wide and Fund Financial Statements (continued)

B. Explanations of Differences between the Governmental Fund Statement of Revenue, Expenditures and Fund Balances and the Government-Wide Statement of Activities

The Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances includes reconciliation between net changes in fund balance and Changes in Net Assets-Governmental Activities. The details of the reconciled amounts are as follows:

|  | •  | unts shown in<br>housands)  |
|--|----|-----------------------------|
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period. Capital outlay expenditures  Depreciation expense   | \$ | 15,550<br>(12,267)          |
| Net amount reported  | \$ | 3,283                       |
| Revenues in the Statement of Activities that do not provide current financial resources are reported as revenues in these funds.  Capital contributions  Hospitality taxes  Ambulance revenue  | \$ | 28,282<br>52<br>1,600       |
| Net amount reported  | \$ | 29,934                      |
| The issuance of long-term debt provides current financial resources to governmental funds, while repayment of principal and interest consumes current financial resources of governmental funds. This amount is the net effect of these differences in the treatment of long-term debt and related items. Proceeds from long-term debt issuance  Principal repayments of long-term debt and transfers to escrow agents and other related costs  Accrued interest expense | \$ | (30,534)<br>10,208<br>2,147 |
| Net amount reported  | \$ | (18,179)                    |

### NOTES TO FINANCIAL STATEMENTS

### — CONTINUED —

### 21. Subsequent Events

In addition to its commitments (see Note 18), the County issued General Obligation Bonds, Series 2007C and 2007D for \$8,755,000 and \$2,875,000 respectively, subsequent to June 30, 2007.

During November 2007, the TIF district dispute between Richland County and the City of Columbia reached a resolution. The resolution in part requires the City of Columbia to immediately terminate the TIF district and satisfy all outstanding debt. This action will reestablish the TIF district areas back on the County tax rolls and increase the assessed values for the affected areas.

### 22. Local Option Sales Tax

Richland County voters approved the Local Option Sales Tax referendum which added one cent to the sales and use tax imposed within the County. The Local Option Sales Tax is a 1% increase to the current sales tax rate, bringing the new sales tax rate to 6%. The revenue generated as a result of the additional one cent sales tax is collected by the South Carolina Department of Revenue with a significant portion deposited into a fund (local option Sales Tax Credit Fund) to provide for county and municipal property tax relief. Resources collected, less a portion retained by the State, is distributed by the State to participating cities and counties based upon formulations defined by State law.

For the year ended June 30, 2007, amounts remitted (allocated) to the County totaled \$32.9 million (8.9 million from local government sales tax fund plus \$24.0 million from the 'tax credit fund'). Richland County passed an ordinance devoting all of the proceeds received from the State in the Local Option Sales Tax program to property tax reduction.

### 23. New Accounting Pronouncements

The GASB has issued Statement No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans. Additionally, the GASB has issued Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. These Statements are required to be implemented in financial statements for periods beginning after December 15, 2006, which for Richland County will be fiscal year 2007-2008.

The GASB has issued Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues." This statement establishes criteria that governments will use to ascertain whether certain transactions should be regarded as sales or collateralized borrowings. The statement also includes disclosure requirements for future revenues that are pledged or sold. The requirements of the new statement become effective for fiscal periods beginning after December 15, 2006, which for Richland County will be fiscal year 2007-2008.

The GASB has issued Statement No. 49, "Accounting and Financial Reporting for Pollution Remediation Obligations," which provides guidance on how to calculate and report the costs and obligations associated with pollution cleanup efforts. The requirements of the new statement become effective for fiscal periods beginning after December 15, 2007, which for Richland County will be fiscal year 2008-2009.

## REQUIRED SUPPLEMENTARY INFORMATION FOR GOVERNMENT'S THAT USE THE MODIFIED APPROACH FOR INFRASTRUCTURE ASSETS

### YEAR ENDED JUNE 30, 2007

## Condition Rating and Actual Maintenance/Preservation of Richland County's Road Infrastructure

Richland County's road system consists of approximately 70% paved roads and 30% unpaved roads. The condition of the road pavement is measured using several distress factors found in pavement surfaces. The pavement management system uses a measurement scale that is based on a condition index ranging from zero for a failed pavement to 100 for a pavement in perfect condition. The condition is used to classify roads in good or better condition (70-100), fair condition (50-69), and substandard condition (less than 50). It is the County's policy to maintain roads at a condition of fair or better. Condition assessments are determined every third year. The County's roads have an estimated useful life, without repairs or resurfacing, of 20 years. Thus, in order to preserve the County's existing roads, it should repair/resurface 1/20 (5%) of the total paved road mileage annually. The SC Department of Transportation gives Richland County \$1,000,000 a year for the paving of dirt roads and \$1,400,000 a year for resurfacing existing paved roads. These funds come from C-Funds. In addition to this funding, the County also designates funding from its annual Roads and Drainage budget for the maintenance and preservation of roads.

Actual maintenance of unpaved roads involves scraping each road once every three months. At this time, management believes it is impossible to conduct a meaningful condition assessment for dirt roads because dirt road conditions can change daily depending on traffic, weather, soils, and the County's maintenance schedule.

The cost of maintaining unpaved roads accounts for an estimated 10.7% of the Roads and Drainage annual operating budget.

The following tables depict the condition and maintenance costs of the County's roadway infrastructure:

|  | Goal   | <b>FY07</b> | FY06  | FY05  |
|--|--------|-------------|-------|-------|
| % of Miles in Fair or Better Condition | 100.0% | 85.5%       | 93.9% | 67.6% |
| % of Annual Road Resurfacing Completed | 5.0%   | 1.6%        | N/A   | N/A   |

## Comparison of Needed-to-Actual Maintenance/Preservation Costs

|            | 2007         | 2006          | 2005         | 2004          | 2003         |
|------------|--------------|---------------|--------------|---------------|--------------|
| Actual     | \$ 3,635,205 | \$ 2,000,000  | \$ 5,005,000 | \$ 1,400,000  | \$ 2,590,021 |
| Needed     | 4,619,700    | 3,800,000     | 5,626,500    | 2,424,000     | 3,268,222    |
| Difference | \$ (984,495) | \$(1,800,000) | \$ (621,500) | \$(1,024,000) | \$ (678,201) |

#### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenue received which are restricted to expenditures for particular purposes (other than capital projects). The County currently has established the following Special Revenue Funds:

Grants – This fund accounts for revenues and expenditures associated with federal, state and local grants.

**Victim's Rights** - This fund accounts for surcharges and assessments collected from individuals convicted of certain crimes. The revenues are restricted to use in providing services to crime victims.

Road Maintenance – This fund accounts for the revenues that are assessed on all motorized vehicles registered in Richland County. The funds are restricted for the maintenance and improvement of the County's road system and any associated costs.

**Airport Operations** – This fund accounts for revenues and expenditures related to the operation of the County's general aviation airport operations. Operations are financed primarily through fees collected for services, leases, grants and other airport related services.

**Tourism Development** – This fund accounts for the three (3%) percent Tourism Development Fees imposed on all gross proceeds derived from the rental of accommodations within the unincorporated areas of Richland County. These funds net of operational and administrative costs associated with the billing and collection thereof, are earmarked for defraying a portion of the costs of a new multipurpose convention conference center.

**Temporary Alcohol Permits** – This fund accounts for funds collected by the State from the sale of Sunday alcohol liquor licenses. The funds are restricted to use in accordance with State law.

**Emergency Telephone** – This fund accounts for tariff charges collected by the local telephone utility companies. The revenues can be used for equipment purchases and maintenance of the County's 911 Emergency phone system.

Fire Services – This fund accounts for revenues and expenditures of providing fire protection and safety education throughout the County. Property taxes are the major source of funding for this fund and are only levied against rural areas of the County that are provided with fire protection.

Forfeiture – This fund accounts for that portion of fines and forfeitures awarded to the County from adjudicated cases – these funds are restricted by state law for narcotic and drug enforcement programs of the County.

**Stormwater Management** – This fund accounts for revenues and expenditures associated with the County's Stormwater management program.

**Conservation Commission** – This fund accounts for revenues and expenditures associated with the County's conservation program.

**Neighborhood Redevelopment** – This fund accounts for revenues and expenditures associated with the County's neighborhood redevelopment program.

**Hospitality Tax** – This fund accounts for revenue derived from county-wide fees on sale of prepared food, admissions, and accommodations and earmarked for tourism-related costs.

**Accommodations Tax** – This fund accounts for revenues and expenditures associated with the County's earmarked for the promotion of tourism in South Carolina

Other – This fund accounts for certain minor programs of the County including child-support enforcement receipts and payments.

### **DEBT SERVICE FUNDS**

The Debt Service funds are used to account for accumulating of funds for, and payment of all general long-term debt principal, interest and fees, exclusive of those relating to the Proprietary Funds. The County currently has established the following Debt Service Funds:

General Debt Service- accounts for the funds accumulated for, and payment of all general obligation G.O. long-term debt principal, interest and fees other than those accounted for in other funds. The debt issuances accounted for in this fund consist of 1991 Series A, B, C, & D G.O. Bond, 1997 Series B G.O. Bond, 2001 Series A, B, & C G.O. Bond, 2002 Series A & B and 2003 Series A & B G.O. Bond, 2004 Series A & B G.O. Bond, 2006 Series A & B G.O. Bond, and 2007 Series A G.O. Bond.

Siemens Bond- accounts for the funds accumulated for, and payment of principal, interest, and fees on the special assessment bond issued for the Siemens.

Administrative Building Certificates of Participation- accounts for the funds accumulated for, and payment of all principal, interest and fees on the certificates of participation issued by Richland County Administrative Building Corporation.

2003 Series C Fire Protection Refunding Bond- accounts for the funds accumulated for, and payment of all principal, interest and fees on the 2003 Fire Protection bond. Property taxes are levied on the unincorporated areas of the County for the payment of principal and interest.

1997 Series A Drainage Improvement Bond- to accumulate monies for the payment of the 1997 Drainage Improvement Bonds. Property taxes were levied on the special tax district consisting of the entire County for the payment of principal and interest.

2007A Hospitality Tax Special Obligation Loan - to accumulate monies for the payment of the 2007A Hospitality Tax Special Obligation Loan. Hospitality taxes were levied on the special tax district consisting of the entire County for the payment of principal and interest.

**2007B** Hospitality Tax Special Obligation Loan - to accumulate monies for the payment of the 2007B Hospitality Tax Special Obligation Loan. Hospitality taxes were levied on the special tax district consisting of the entire County for the payment of principal and interest.

### CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources used for the acquisition and/or construction of major capital facilities (other than those financed by the Proprietary Fund). The primary sources of money in these funds are the proceeds of general obligation bond issues, and interest earnings.

The County maintains separate capital project funds for each of the following projects:

Renovations and Refunding Program- accounts for the following major projects: expansion of the Detention Center, renovations of the Township Auditorium, capital investment in the GIS program, defray a portion of the cost of the Northeast Technology Center of Midlands Technical College, implementation of countywide phone system, acquisition of voting machines, substation and lab expansion of the Sheriff's Department, and such other lawful corporate and public purposes as the County Council shall determine.

**Drainage Improvement Projects-** accounts for construction and repair to drainage facilities and infrastructure within the unincorporated areas of the County.

Construction and Repair Fire Projects- accounts for the renovation, demolition, retrofitting, relocation and roofing of various County facilities.

Sheriff Vehicles and Other Projects- accounts for cost relating to the seven-year vehicle replacement program and other County projects.

Township- accounts for cost relating to the renovations at the Township Auditorium.

Innovista- accounts for cost relating to the parking improvements associated with intergovernmental agreements.

### PROPRIETARY (ENTERPRISE) FUND

The Proprietary (Enterprise) Fund accounts for operations that are financed and operated in a manner similar to private business enterprises. In a proprietary fund the intent is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed primarily through user charges.

**Solid Waste** – is used to account for all revenue and expenses related to the County's solid waste and landfill activities.

**Water/Sewer** – is used to account for all revenue and expenses related to the County's water and sewer activities.

**Parking** – is used to account for all revenue and expenses related to the County's parking lot operated at 2020 Hampton Street.

**Marion St. - Development Corporation** – is used to account for all revenue and expenses related to the County's real estate development project on Marion Street.

**Farmer's Market** - is used to account for all revenue and expenses related to the County's real estate development at the State Farmer's Market.

# FIDUCIARY (AGENCY) FUND

The Fiduciary (Agency) Fund accounts for assets held by the County as an agent for other taxing units or other entities. Agency funds are custodial in nature; assets equal liabilities, and do not measure the results of operations. Interest earned on agency fund investments is credited and received by the General Fund unless an agreement provides otherwise.

# CAPITAL ASSETS USED IN THE OPERATION OF GOVERNMENTAL FUNDS

These schedules presents only the capital asset balances (which include land, buildings, betterments, and equipment owned by the County) related to Governmental-type funds. Accordingly, the capital assets reported in Proprietary-type funds (Enterprise) are excluded from these amounts. Infrastructure capital assets represents actual costs of construction, and/or estimated values of deeded properties by developers.
